### BROTHER BILLS GIVE THE KIDS A GREAT TIME

Many Hundreds of Children Entertained By Elks On Their Annual Flag Day

Favoured by fine weather, though rain threatened during part of the afternoon, the Annual Flag Day given last Thursday by the Benevolent and Protective Order of Elks to the children of Kelowna and district, was a very successful celebration, thoroughly enjoyed by young and old, which will be recollected with pleasure by all who took part in it.

At 1:30 Bernard Avenue was lined with spectators to see the procession, which started at the Public School. It included at least one thousand children and was joined by juveniles from town and country. Winfield, Ellison, Rutland, Okanagan Mission, East Kelowna, Bannockburn and Westbank all sent their quota of happy youngsters and the parade reached the City Park at 2 p.m., headed by the Elks' special police and marshalled by Bro. T. Treadgold. The happy children thoroughly appreciated the antics of the Elks who marched at the head. These were all togged out stylishly in garments which would have taken the fancy of real niggers and included the following: nigger police, S. Hanlon, R. Saunders, C. De Mura, R. Burns, D. Wyrzykowski, R. H. Burns, D. White, nigger clowns, R. Wedge, J. B. Spurrer, E. Hardy, S. M. Gore, nigger flapper, W. Longley, nigger minstrels, F. Burr, W. Parker, J. Hughes, nigger tough, R. Butt, and last, but not least, Charlie Chaplin, R. Scott, and the portable "skookum house".

On arrival at the Park the festivities were once commenced by Dr. J. Evans Wright announcing the programme of the afternoon, and this was followed by a short address of welcome by Mr. T. G. Norris, Exalted Ruler of the Kelowna Lodge, No. 52, B.P.O.E., who explained to the children what the British flag stands for and how it represents the principles of the Elks, of truth, purity and fidelity. Winstone's orchestra then commenced playing and the Union Jack was hoisted to the flagpole.

During the afternoon there was no lack of amusement for everybody, and the crowd kept on increasing, children continuing to arrive from numerous points, that there must have been over fifteen hundred in the Park at one time. The arrangements were first-class and included a concert in which Mr. C. G. Gowan, Mr. D. McGuire and Mr. G. S. MacKenzie took part, and games of various kinds. Races were also pulled off for boys and girls under the supervision of the Elks, and the refreshment booths were kept busy, all the children receiving free tickets entitling them to candy, ice cream and other delicacies. Their capacity in the line of ice cream consuming was truly wonderful and a joy to behold, and it did not appear to prevent any of them from taking their proper share in the sports, till 5 p.m.

The great feature of the celebration was that everybody had a good time and helped every one he met to have a good time too. Not that the special policeman were not kept busy. On the contrary they were reluctantly obliged to arrest several offenders, who were tried by Bro. S. T. Elliott in his capacity as a Sentencer. One culprit was run in on charge of having eleven wives, and was given a light sentence on account of his displaying the proper amount of contrition. A Chinaman, who was charged with cooking beef steak without a special license, had to pay a small fine, as had two prisoners who were brought before the court for having been seen in the Park when neither laughing, crying nor grinning. The most serious case, however, which came before His Worship was that of a young man, who is shortly leaving Kelowna for the Coast, and who was caught in the act of trying to flirt with three girls at the same time, and as this was considered to be a very flagrant offence against the laws of flirting, it took the magistrate little time to ponder over his fate. He was given the option of paying a fine for each girl he was gallivanting with, or perpetual imprisonment in the skookum house. The fines were paid.

Great amusement was afforded by the egg-shy, where a very courageous individual allowed eggs of good bad quality to be thrown at him, and who was eventually obliged to retire from the scene of action, after receiving several accurate shots on his head, but not before nearly a whole case of hen fruit had been expended.

It was with great reluctance that the children were obliged to leave the Park, and not until all the refreshments of various kinds had been demolished, and it is safe to say that they all will keep in mind the kindness and hospitality of the Brother Bills, which made such a day of amusement possible, and will also remember that the Elks wish them to grow up good, patriotic citizens.

#### The Concert

The day's entertainment, though over for the majority of the juveniles, was not finished at the close of the amusements in the Park, for in the evening a Grand Concert was staged in the Empress Theatre, which was

(Continued on page 2)

### LOCAL LODGES ATTEND CHURCH SERVICES

Masons and Daughters and Maids of England Held Special Addresses At St. Michael and All Angels

On Sunday morning the members of St. George's Lodge, No. 41, A.F. & A.M., proceeded to the church of St. Michael and All Angels, where a special sermon was preached by the Rev. Bro. R. Alderson, Vicar of Armstrong.

The members of the craft numbered some sixty strong and marched to the church led by their officers, Acting Worshipful Master George Dunn, Senior Warden, R. W. Thomas; Junior Warden, R. H. Brown; Director of Ceremonies, J. W. N. Shepherd; Senior Deacon, H. L. Willis; Junior Deacon, R. Minns.

The service was fully choral, and the solo "How Lovely Are Thy Dwellings" was splendidly rendered by Miss Amy Burne, A. T. C. M.

The Rev. Mr. Alderson preached from the text "Let There Be Light," and commenced his address by alluding to the presence at the service of so many of his fellow Masons, who had met together in the temple of the Great Architect of the Universe as brethren.

The reverend gentleman then gave a very interesting and instructive address on the duties of all in their relationship to God and their neighbours, stating that faith in the Great Creator is the only key to truth and morality, and enlarged on the moral principles by which everything is governed. Many people think nowadays, he stated, that modern science and religious faith are not compatible, still it is a fact that science compels us to accept evidence of the divine in nature.

The preacher next went fully into the history of the religious conscience of mankind, showing that the moral ideas were developed independently from the ordinary creation. God, he said, is still creating for a great purpose, for which man's moral and mental development is being continued, using as an illustration the change from Judaism, the doctrine of fear, to Christianity, the gospel of purity, truth and love, with Christ the true and only Master Builder, who is slowly but surely establishing His kingdom on earth. Christ's message was "Peace and Goodwill Towards Men," and the aim of all should not be to obtain all possible joys out of this life, but to strive to help others. In this effort Masons were aided by the principles of their Order, regard for properly constituted authority, and redness of their pledged word, and five courts of law for each other, an example which all could endorse.

At the evening service, the local lodge of the Daughters and Maids of England attended in a body, and the Rev. Mr. Alderson again gave a very practical address on the duties imposed by Christianity on the women of that order, pointing out that the application of Christian principles can best be carried out in one's daily life.

### LAWN TENNIS TOURNAMENT NEXT WEEK

Annual Event of The Okanagan Valley Lawn Tennis Association To Commence Here Monday

All the arrangements for the annual Okanagan Lawn Tennis Tournament are well nigh completed, and both competitors and spectators are certain to have an interesting and enjoyable time on the Kelowna Lawn Tennis Club courts next week. In spite of the wet weather that has prevailed generally throughout June, the interest of the local club promise to keep up their reputation as the best hard courts in the Interior.

Entries are coming in steadily and their number points towards another record year in this respect. The new event, the Men's Doubles Championship of the Interior, will undoubtedly be a very popular feature and is doubtless interesting as the beginning of a series of championships for all events that is intended to take its place in the circuit of all the big lawn tennis events of the Pacific North-West. It is the ambition of its promoters to see competitors from all over the continent coming to Kelowna in the near future. The age limit of the Junior Singles has been raised from under twenty to twenty and under in order to conform with similar events at the Coast. The Senior Men's Doubles will be a very interesting event. As usual, the largest entry will be for the Open Handicap Mixed Doubles, with its handsome trophy, the Kalamalka Cup.

When the visitors are not engaged on the courts they can be assured of plenty of amusement in other spheres, as a most attractive programme has been arranged by the Entertainment Committee. Committees in charge of accommodation for visitors and for the supply of tea and other refreshments are hard at work arranging for the comfort of visitors, competitors and onlookers. An efficient Grounds Committee is getting everything ready to accommodate the record gate that is expected to tax the club's resources to the limit.

### CHANGES IN KELOWNA PUBLIC SCHOOL STAFF

When the Kelowna Public School is opened after the summer holidays some of the present staff of teachers will not be in their accustomed places. Miss E. R. Austin is leaving Kelowna and will be living at Kamloops; Miss Doris Jones will be teaching at Point-Alice, where her parents reside; and Mr. J. L. Gayton will be studying medicine at an Eastern university. Of the vacancies thus created, one will not be filled, and so far, only one new teacher has been engaged, Mr. Alexander Smith, who is at present acting as assistant principal of the Summerland Public School, and who is very highly recommended by the Trustees of that institution.

The majority of the teaching staff, whose homes are in Kelowna, will remain here during the summer vacation, but Miss M. Wood will spend hers at the Coast, while Miss E. Davies will pass her holidays in the Lower Fraser Valley. Miss M. Harvey left for California at the beginning of last week, having received two weeks leave of absence from the School Board.

The results of the final examinations at the Public School will appear in next week's Courier.

### YESTERDAY IN THE DOMINION HOUSE

OTTAWA, June 28.—In the House of Commons yesterday the treaty with the United States, providing measures for preservation of the halibut fisheries of the North Pacific, was approved.

A resolution to grant a life annuity to Dr. Banting, the discoverer of insulin, was passed.

The business profits war tax was amended to enable the government to collect arrears of taxes under the act, and the necessary bill was read the third time.

First reading was given to a bill reducing the postal rate on newspapers and magazines to 1 1/4 cents per pound.

### AMENDMENTS MADE TO INCOME TAX ACT

OTTAWA, June 28.—Amendments to the Income Tax Act, largely devoted to clearing up questions of interpretation, particularly in cases where a taxpayer is engaged in more than one business, were passed through all stages in the House last night and were sent to the Senate.

During the discussion, T. L. Church, Conservative, Toronto, advocated exemption of all incomes up to \$4,000. Joseph Archambault, Liberal, Chambly-Vercheres, expressed disappointment that the Income Tax Act made no distinction between earned and unearned income and advocated higher exemptions on account of children.

Hon. W. S. Fielding told Mr. Archambault that his suggestions would come up for consideration when there was a general revision of the act, probably next session.

### SCOTTISH LABOUR MEMBERS ARE SUSPENDED

LONDON, June 28.—Three Scottish Labour members, James Maxton, J. Wheatley and Rev. Campbell, were suspended from the House of Commons yesterday afternoon after a stormy scene over a proposed reduction in the appropriations for child welfare in Scotland, during discussion of the Scottish estimates. Maxton and Wheatley denounced those favouring the reduction, notably the Labour member, Poplar, as "murderers," and refused to withdraw their remarks, despite the efforts of J. Ramsay MacDonald, parliamentary leader of the Labourites. They also refused a summons to leave the House. They were then formally named by the Speaker and the Home Secretary moved their suspension, which was carried by 258 to 70.

### LABOURITES OPPOSE AIR FORCE INCREASE

LONDON, June 28.—Opposition to the government's proposal for increasing the British Air Force was expressed at Wednesday's conference of the Labour Party by George Lansbury, M.P., who said that the proposed increase of the Air Force in competition with France was the preface to a new era of war, and that the Labour Party calls upon the parliamentary Labour Party to offer every resistance to the new race in armaments.

Meanwhile, at Derby, Lord Birkenhead in an address declared that the government's proposals would still leave Great Britain with three hundred less airplanes than would be at the disposal of France. However, he accepted the government's statement that if the present proposal did not prove adequate, it would be rectified.

### B.C. CONSTITUENCIES MAY BE REDUCED

VICTORIA, June 28.—A report is in circulation that the government plans a redistribution bill at the next session of the Legislature which will divide the province into thirty constituencies, materially reducing the membership of the Legislative Assembly from the present forty-seven.

Referring to a dispatch from Victoria on the subject, Mr. J. A. Campbell, President of the Vancouver Liberal Association, admitted this morning that the subject is under discussion in government circles, but as to the number of constituencies no agreement has been arrived at. It is planned, however, he stated, to redistribute in such a way as to make a reduction that will promote efficiency.

### GLENMORE

As noted in a previous issue, traffic has increased considerably on the lower road since the placing of the large shale on the upper road. Being a narrow road with several bends beyond which it is impossible to see, motorists who fail to take care and consideration for others, especially horse vehicles, a driver who does not honk when approaching bends is courting disaster. Better be wise before than after an accident. We sometimes think a speed limit needs to be enforced.

Thinning is the order of the day. The C. O. L. Co. have a big gang on. Those who fail to thin will certainly find it useless to pick cull fruit this season unless they tend to hogs. The Washington State College has found that cull apples are worth \$19 a ton as hog feed. A report states: "Extensive experiments were conducted the past year. Pigs, which weighed 94.8 lbs. each at the start of the experiment gained in weight 66.1 lbs. each, or an average of 1.38 lbs. per day. Each pig was fed an average of 4.22 lbs. of apples and 4.17 lbs. of grain per day. It was found that the apples saved per every 100 lbs. of mill-run and 94.42 lbs. of barley. To do this, 296.6 lbs. of apples were fed. As the apples are bulky, containing little protein, it is necessary to include a little more tannage in the grain mixture."

Congratulations to Mr. and Mrs. Perron on the arrival of a son.

Miss Stocks, sister of Mrs. George Moubay, came up by car on Friday from Penticton to spend the week-end, returning on Monday.

Mr. and Mrs. Wallace have as their guest Miss Lillian Osborne, of Flint, Michigan, who is en route to her home after having spent the winter in Los Angeles, San Francisco and Berkeley, California.

Fire blight is beginning to run in the orchards. An article in the "American Fruit Grower" on "Control of Pear Blight in California" is interesting and instructive. We just quote one paragraph.

"The growing of the Bartlett pear has been so profitable in California that the growers of this fruit can afford to go to considerable expense to control blight and repair damaged trees. To this end the more successful orchardists in those districts where blight is more virulent are very careful to clip out all affected twigs and branches, at regular intervals of a week or ten days, throughout the spring and summer, in order to prevent the disease from working downward into the main branches and trunks. And if the disease gets into a main branch or trunk, they have learned how to treat these 'cankers' and save the framework of the tree, providing the disease has not killed the cambium completely around the branch before it is discovered."

The Athletic Club are calling a meeting for Thursday, July 5th, at the usual time and place, at which they hope all members will be present to discuss the business that is to be brought up.

Mr. Alfred Andrews, who has been the guest of Mr. and Mrs. R. Andrews, left on Saturday for the East. At Moose Jaw he was joined by Mrs. Cameron, Senior.

Miss Dorothy Atkin arrived from the Coast on Monday to spend a three weeks' vacation.

Winfield played Glenmore on the home ground on Tuesday evening. The game was a good one, the Glenmore pitcher being well supported. Mr. Bob Seath made a home run, putting the ball through the fence. Score: 6-0, in favour of Glenmore.

### MORE OF PETER'S PITHY POINTERS ON THINNING

Small apples usually blush; so do the growers who market them.

Small apples bring from nothing

More than one apple to a spur is a worm or scab cage. One apple to a spur takes away the power of position from insects or fungus diseases.

A large "Fancy" sells for more than a small "Extra Fancy."

Every good grower is a support and defence to every other good grower.

Extra Fancy fruit can pay its carriage around the world to all markets and give growers and dealers all a profit; small sizes or culls cannot pay their handling charges to the dump heap.

One hundred boxes of large apples are more easily picked than fifty of small stuff, and a grower is feeling better when doing it.

Advance your harvest by thinning your fruit.

Eliminate all sharp-pointed and worn-out ladders for greatest profit.

Thin 8 to 12 inches or even more for best results.

Early thinning brings maximum results and establishes annual bearing.

The Big Business idea in fruit growing is not a small production from a large acreage, but rather a maximum production from minimum acreage.

Let the last word be, be sure to take off enough.

### LOCAL AND PERSONAL

Miss Joyce Hayman made good use of her ability as a swimmer on Saturday afternoon, rescuing a little girl who had fallen into deep water in Okanagan Lake, near Stirling's old wharf, and who would undoubtedly have been drowned if no assistance had reached her.

The fate of the Kelowna Fall Fair will be decided at a general meeting of the Kelowna Agricultural Society to be held in the Board of Trade Hall on Friday night, June 29th, and all who are interested in the perpetuation of this long-established annual event are urged to attend.

Mr. George C. Benmore, manager of the Occidental Fruit Co., Summerland, was in Kelowna for the week-end, accompanied by Mr. H. Lee, who was formerly foreman at Kelowna for the B. C. Growers, Ltd., but who now is also in the employ of the Occidental at Summerland.

The Provincial Department of Works has recently greatly improved the road between Okanagan Mission and Cedar Creek, which has been widened so that cars can pass each other on it in safety, also several sharp turns near Capt. M. G. Woodmass' farm have been eliminated.

Kelownians who intend to take a holiday on July 2nd away from home are reminded of the celebration at Penticton on that day, details of which will be found in our advertising columns. A special boat service has been arranged, leaving Kelowna at 8 a.m. and returning from Penticton at 10 p.m.

The ladies of the Women's Institute of the Anglican Church held a very successful garden party at the residence of Mrs. M. E. Cameron, Strathcona Avenue, on Saturday afternoon. Young ladies dressed in Turkish costumes served refreshments and the sum of \$65 was realized towards the Church funds.

Miss Ruth Rowcliffe returned home last Thursday from Columbian College, New Westminster, where she completed her course of commercial study, and her many friends will hear with pleasure that not only did she win the prize for book-keeping against severe competition, but also captured a special prize for proficiency in music.

Mr. R. J. Gordon, Past Exalted Ruler of the Kelowna Elks' Lodge, left on Friday morning for Penticton, where he joined a party of the local Elks, who were proceeding to the Grand Convention of the Order, which was held at Penticton on Tuesday, Wednesday and today, and at which Brother Bills from all parts of Canada and Newfoundland were present. He travelled as representative of the Kelowna Lodge. Mr. J. N. Cushing, of Glenmore, also left the same day to be present at the convention, travelling via the C.P.R. main line.

A farewell tea party, arranged by Mrs. T. Treadgold and Mrs. A. G. Poole, was held at the residence of Mrs. Poole, Ethel Street, on Tuesday afternoon in honour of Mrs. O. M. Gourlie, who, together with her family, is leaving very shortly for Vancouver. Over thirty ladies were present and all expressed their regret at the departure of the active interest taken by that lady in social work during her three years' residence in Kelowna, especially in connection with the activities of the Daughters of the Empire.

A meeting of the Kelowna Women's Institute was held at the residence of Mrs. D. W. Sutherland yesterday afternoon, there being an exceptionally good turnout of members. Arrangements were made to hold a picnic about the middle of August, and to take part in the proposed School Fair, whether the Kelowna Agricultural Society's Fall Fair is held or not, the Institute to take charge of the exhibits of flowers and fancy work. Two committees were added to those already existing, one on legislation and the other on immigration, the object being to keep the members posted on those matters.

The annual Rose Dance given by the Ladies Auxiliary of the Boy Scout Association took place at the Scout Hall on Tuesday evening and was well attended, the ladies of that organization having gone to great pains and trouble to make it a thorough success. The hall was prettily decorated, there being roses in profusion, and the arrangements for refreshments were first-class. A number of the exhibits of flowers and fancy work were present. Win-stone's orchestra was the featured attraction, and the dancing was kept up till the early hours of the following morning. A considerable sum was netted by the Ladies Auxiliary, which will help towards giving the Scouts and Cubs their annual outing.

The case against Y. Ueyama, a Japanese, who was charged in the Provincial Police Court on the 18th inst. with damaging the public highway in the vicinity of the Rutland School by causing irrigation water to run over it, which was adjourned to allow the prosecution and defence to secure additional evidence, was tried by Stipendiary Magistrate E. Weddell on Friday morning.

Four witnesses were heard for the prosecution and three gave evidence for the defence, which brought out the fact that the accused had been given permission to divert the water in the direction it had taken by the commissioner for the Rutland Drainage District. The case was dismissed.

In the same court, on the same day, a resident of Glenmore was tried on the charge of assaulting two Japanese boys and was fined \$5 and costs.

### ATTITUDE OF ASSOC. GROWERS ON "RED INK"

Position Also Defined On Some Other Problems That May Arise

Vernon, B.C., June 26, 1923. One of the interesting subjects in which the Executive Committee were called in conference by A. M. Pratt, Manager of the Associated Growers of B. C., was a statement issued by him defining the position of the Associated should conditions confront the co-operative where the net returns to its members on any proposed offerings would likely result in red ink charges, instead of profitable returns to its members.

This report was discussed carefully and unanimously endorsed with the request that it be given due publicity. The statement as approved, follows: In anticipating the many different problems that might come up, with the purpose of establishing well defined policies for any occasion that may arise, the question has been wisely raised as to what course the Associated proposed following should conditions exist where there was a strong likelihood of red ink charges resulting in the handling of any particular product, grade, size or lot.

It is far easier for a co-operative organization to shape its policy as to red ink possibilities along the lines of least resistance, knowing that nearly every human being naturally considers his own property, whether it be children, fruit or vegetables, as being as good or better than anybody else's. The strong temptation exists to throw caution to the wind, hope for the best, tell the grower a fairy tale and handle the difficulty by receiving and shipping something that, in the privacy of his own mind, the local manager knows has every likelihood of returning red ink. It is also very human to postpone trouble even if we know it grows by the postponement. It takes a strong man to say and do disagreeable things, even though the disagreeable thing at the time is far better for the grower-member than the grief that comes later.

There are many growers who will "kick" harder over what to them seems an arbitrary action taken for their own good than they would over red ink that costs them real money, due to their over-confidence in their own product, variety, low grade or poor size, condition, etc., as the case might be.

It is the duty of the Associated Growers of B. C. and its various Locals and shippers to handle the entire product of its members in such a manner as to realize the greatest possible net returns on each pool as to variety. Regardless of grade, variety, condition or market, every pound of fruit produced should be handled, provided chances favour realizing anything for the grower in net returns, with the un-

(Continued on Page 3)

### C.N.R. BILL PASSES THIRD READING

Completion of Okanagan Branch Lines Now Seems Assured

Mr. Grote Stirling, President of the Kelowna Board of Trade, received a telegram from Mr. J. A. MacKellvie, M.P., yesterday morning, conveying the good news that the bill providing for construction of C.N.R. branch lines for the Okanagan, which the House of Commons passed on Tuesday, had been passed by the Senate on Wednesday, which means that early completion of the C.N.R. branches in the Okanagan, from Kamloops to Kelowna and from Vernon to Lumby, is practically assured.

There has been a good deal of mystery about provision of the funds necessary for completion of the Okanagan branch line, and it was generally supposed that the work would be provided for in the general railway estimates, but a blanket veto had reference only to operation and the covering of deficits upon the whole system of National Railways. To cover the amount necessary for the branch construction programme, a bill has been deemed necessary, under the provisions of which it is proposed to build about one thousand miles of branch line at an approximate cost of \$28,000,000. Although the work is not new, the bulk of construction having been completed three years ago, the Okanagan branches have also been included in this bill, and their fate has been made dependent upon the success of this measure. The jurisdiction of the Senate is limited in regard to money bills, but whether it can radically amend or reject the one which concerns railway connection for Kelowna is not certain. While prospects look favourable, it will be time to rejoice when the bill has received the Governor-General's assent.

### SENATE INSISTS UPON LIQUOR PLEBISCITE

OTTAWA, June 28.—The Senate committee's amendment to the bill to amend the Canada Temperance Act, giving the people of British Columbia the right to import intoxicating liquors for personal use until otherwise decided by plebiscite, was sustained in the Senate last night by a vote of 40 to 30, and the bill was given its third reading.

### TRAINING CAMP BROKE UP YESTERDAY

Regimental Sports Held On Saturday And Inspection By G.O.C. On Monday

The 1st Regiment of B.C. Mounted Rifles, (2nd C.M.R.) who completed a very successful training at Kelowna yesterday, held their usual programme of mounted sports on Saturday afternoon, the events being witnessed by a number of people from all parts of the district, who took advantage of the occasion to pay visit to the camp. The events which were all well contested, resulted as follows:

Tent Pegging with lances, other ranks, First prize, given by Morrison Clothing Co., won by Trooper Hayes of A Squadron; 2nd, Sgt. Major Inpette, C Squadron.

Tent Pegging with lances, officers, First prize, given by Messrs. Holmes & Gordon, won by Capt. William B. Spurrer, 2nd, Lieut. MacDonald, A Squadron.

Tent Pegging with lances, Regimental Championship. Won by Capt. William B. Spurrer, 2nd, Trooper Macdonald, A Squadron.

Tent Pegging with sword, other ranks. First prize, given by Messrs. Thompson & Cope, won by Trooper Quesnel, B Squadron; 2nd, Sgt. Major Inpette, C Squadron.

Tent Pegging with sword, officers. First prize given by Casorso Bros., won by Lieut. MacDonald, A Squadron; 2nd, Major Fleet, C Squadron.

Tent Pegging, Regimental Championship. Prize given by Lieut. T. G. Norris, M.C., won by Lieut. MacDonald, A Squadron.

Wrestling on horseback, regimental. Prize given by Mr. W. R. Trench, won by A Squadron.

Jumping, regimental. First Trooper Mitchell, C Squadron; 2nd, Trooper Bean, C Squadron.

Jumping Contest for Ladies. Prize given by the Regiment, won by Miss Mollie Millar, of Kelowna.

Jumping by sections. Prize given by Thomas Lawson, Ltd., won by B Squadron.

V. C. Race. First prize, given by P. B. Willis & Co., won by Trooper Powell; 2nd, Corporal Christien.

Boot and Saddle Race, other ranks. First prize, given by McKenzie Co., Ltd., won by Trooper Quesnel, B Squadron; 2nd prize, given by Mr. J. B. Spurrer, won by Trooper Roth, C Squadron.

Boot and Saddle, officers, 1st, Lieutenant Sigale, B Squadron; 2nd, Major Fleet, C Squadron.

Matrimonial Race. Won by Mr. and Miss Berard.

On Monday afternoon the Regiment was inspected by Brig-General J. H. Ross, C.M.G., D.S.O., G.O.C., M.D., who complimented all ranks very highly on the manner in which they carried out squadron drill and other evolutions, stating that the efficiency of the Regiment caused him great surprise and satisfaction.

On the evening of the same day additional sports were held and these were also well contested. Results:

100 Yards Dash, regimental prizes. 1st, Trooper Williams, C Squadron; 2nd, Trooper Owens, C Squadron.

High Jump, prizes given by W. W. Pettigrew, 1st, Troopers Symons, B Squadron; Powell, B Squadron, and Nelson, Headquarters Staff, all equal.

440 Yards, prizes given by Morrison-Thompson Hardware Co. and Palace Hotel, 1st, Trooper Williams, C Squadron; 2nd, Trooper Genier, B Squadron.

Broad Jump, 1st, regimental prize, Trooper Thompson, C Squadron; 2nd, prize given by Drs. Knox and Campbell, Trooper Williams, C Squadron.

Mile, 1st, prize given by Mr. J. B. Knowles, Sgt. Quesnel, B Squadron; 2nd, prize given by Mr. Angus McMillan, Trooper King, A Squadron.

Inter-Squadron Relay, regimental prize. Won by C Squadron.

The Inter-Squadron football match ended in a tie between B and C Squadrons, who divided the prize given by the "Club" Barber Shop. Altogether, the regimental sports were a great success and furnished plenty of entertainment to the spectators.

The regiment broke up yesterday. B Squadron had already started on the return march to Lumby on Tuesday, and the other Squadrons and the headquarters staff left for their respective destinations at various times during the day, all ranks expressing their appreciation of the efforts made by the residents of Kelowna to make their stay in camp pleasant and their regret that it was so short.

### GRAIN RATES CONTROL ON GREAT LAKES

OTTAWA, June 28.—The bill for control of grain rates on the Great Lakes received third reading in the Senate yesterday. Senator William Bennett said the National Railways had tied up government boats and had carried grain in American ships. Elevators and government ships were being discriminated against, he declared, and if present conditions were to prevail, he would advise the government to pay off Sir Henry Thornton and let him go.

A hundred and sixty thousand Kamloops trout-eyed eggs were planted last week in the Okanagan River between Okanagan Lake and Dog Lake. Coldstream Creek, near Vernon, has also been stocked with 200,000 fry of similar size and species.

Starting in 1915 with 379 students, the University of British Columbia has grown very rapidly and there are now 1,187 enrolled and registered, which places our own seat of learning as the second largest in Canada, as far as the number of students is concerned.

## BOY SCOUT COLUMN

Troop First Self Last

Edited by "Pioneer."

26th June, 1923.  
Parades: The combined Troop will parade at the Scout Hall on Friday, the 29th, at 7.15 p.m. All Scouts going to Camp will bring their camp fee of \$4.00 to this parade, but at the same time we wish to make it clear that we do not wish any Scout to stay away from Camp because he has not yet had the opportunity of earning this \$4.00 himself. For most pupils the schools are continuing right up to the end of the present week and there has therefore been no opportunity of earning money. In such cases we can extend the time for payment of the camp fee to the end of the holiday.  
All Scouts going to Camp will parade at the Scout Hall with complete kit and equipment on Wednesday, July 4th, at 10 a.m., and we should very much appreciate any offers of assistance from car owners to transport us down there, and also to make one or more trips to the Camp while we are there. It is of very real assistance to a Scout to volunteer help of this nature to us. On Saturday, July 14th, cars will be required to take down the Cubs, who take over the Camp from us from that date to July 17th, and the Scouts will return by those cars.  
The two Visitors' Days in camp will be Sunday and Thursday, the 8th and 12th of July, respectively, from 2 to 6 p.m. On Sunday the usual Camp Service will be held at three o'clock and the sports will commence at two o'clock on the Thursday. Mr. Alister Cameron, who now thinks no year complete in which he has not led us away off into the hills for another overnight hike, says he, with his three pack horses, will be right with us again this year. We had considered going away up to the little White Mountain, but there still seems to be quite a bit of snow up there and the weather has been so bad that it is altogether doubtful if we could make the trip in the two days at our disposal. So we have decided to, this time, strike right into the heart of the mountains by endeavouring to reach the headwaters of Deep Creek. This will be new country for us all and as there is in the nature of trails on our proposed journey there will be a certain amount of pioneer exploration involved. If we succeed in reaching our destination in good time, there is a mountain in that vicinity called Okanagan mountain, and those who have any surplus energy left will be able to work it off by climbing to the top of this piercer of the skies.  
As we mentioned before, Pentecost is again actively taking up Scouting and to be of some assistance to them we have invited as our Camp guests Acting Scoutmaster A. M. Robson, Troop Leader John Beddall and Patrol Leader Boydell Montgomery.  
We wish to thank Mrs. Flinders for the donation of a bunch of magazines for reading material in Camp, and we shall be very pleased indeed to receive any more old magazines or illustrated any one can give us. We shall only be too pleased to call for them.  
It is almost an understood thing now that our Camp will be held at Cedar Creek and this year will be no exception, as the Okanagan Loan & Investment Trust Company have been kind enough to once more accord us the necessary permission. Some day, perhaps, when we finish our new hall we shall obtain our camp site too for our very own.  
A Patrol Competition at Camp this year, for which a prize will be given, will be the best and most originally decorated tent grounds. There will also be as usual the daily tent and kit inspection, won last year by the Beavers, and the Tenderfoot, Kim's Game, Mile at Scouts' Pace, 2nd Class Signalling and Ambulance, Knot Tying Blindfolded and a Memory Game. Individual competitions will be the best Camp diary and the best ten photos.  
At last we are able to give our total gross proceeds from this year's entertainment, which were \$132.55. Last year they were \$142.75. To those of an enquiring turn of mind who may wonder how, when the price of admissions were 50c and 25c, the proceeds ended up at 55c, we may say that one little girl very anxious to see our show arrived there with only 15c, and our door-keeper being temporarily very soft-hearted allowed her in for that modest sum.

## WINFIELD (WOODS LAKE)

Mr. and Mrs. Hugo Offerdahl left for Glenmore last week.

The children of Winfield spent a very pleasant day in Kelowna on Thursday, June 21st, at the invitation of the Elks, who were holding their Flag Day. The weather did not in any way prevent the children from having a really good time and all returned safely under the care of Miss Johnson. Thanks are due to Messrs. Coe and McCarthy for lending their trucks and giving time to convey the party.

A strawberry and ice cream social was held in the Community Hall on Friday, June 22nd, in aid of the Crippled Children's Fund. It was organized by the Women's Institutes. The Hall was tastefully arranged with small tables decorated with flowers. On each was a card with a month of the year written on it, and those present were supposed to take their places at the table representing the month of their birthday. Each was to write his or her age on a slip of paper and the lady in charge of the table with the highest total received a birthday cake. The evening was spent in dancing. Mrs. Macdonald, Mrs. Taylor and Miss Eva Coe taking turns at the piano.

The City Council of Duncan has closed a deal whereby that place will in future be supplied with water by an electric pumping system, which will cost approximately \$45,000.

## HAROLD LLOYD IN "SAFETY LAST"

Thrills Without Frills And Thrills That Bring Chills

The Boy promised the Girl that he would send for her to come to the Big City and marry her as soon as he was able. The Girl fancied the Boy had become wealthy. Why wait any longer, for he was in danger with so much money!

The store needed publicity. The Boy's pal was a "Human Fly." One thousand dollars was offered for a publicity idea. The Pal would split. For \$500 the Pal would climb to Heaven and hang from the Pearly Gates. Ah, woe! The plans miscarried and the Boy was forced to do the climb. Twelve stories! Harold did it, but never had anyone faced so many hazards. And "Safety Last" meant wedding bells—and The Girl.

Sit pretty for the sky-high laughter, but cling to your seat for the sky-high thrills! "Safety Last" is a seven-reel comedy in which are incorporated all the possible thrills of Filmdom's Thrilldom. And Harold Lloyd nearly lost his life in the cause of laughter and thrills. When an insurance agent saw a preview of the picture, Harold also nearly lost his life insurance. He had to promise faithfully never to climb the side of a twelve-storey building again.

There are thrills without frills and thrills that bring chills in "Safety Last." But what a cure for the ills! The ills of grouches! A miserly gentleman once poured water on his head, stood in the cold and let it freeze and then broke off his hair to save the price of a hair-cut, but if he had seen "Safety Last" he would have cracked his frozen face.

"Safety Last" is ahead of the Hal Roach comedies—standard—a seven-reel comedy that doesn't permit you to con your laughter for one single minute. It was directed by those comedy geniuses, Fred Newmeyer and Sam Taylor, with Robert Golden assisting. The story hails from the Source of Laughter—Hal Roach, Sam Taylor and Tim Whelan, and Harley M. Walker wrote the titles which are a show in themselves.

Harold Lloyd is a comedian who does not fear company with other players. He gets the finest support he can obtain to surround him. Mildred Davis is at her best as The Girl with an abundance of opportunities to display her charm. "Bill" Strother, known everywhere as the "Human Fly" makes his debut and is splendid. Noah Young, contributes the height of "hard-boiledness" as the cop, and Westcott B. Clarke is the haughty floor-walker to perfection. Other favorites are Mickey Daniels, Anna Quirites, Charles Stevenson and Earl Mohan, as the funniest "drunk" ever seen.

The settings are massive and elaborate. Fun centres around a railroad station, a department store, and a busy street where thousands of people gather to watch Harold Lloyd thrill them and throw them into the realms of hilarity as only Harold Lloyd can. If he thrilled those in the street, what will he do in a theatre?

## WESTBANK

Mr. S. T. Elliott, of Kelowna, was a business caller Tuesday.

Mr. W. J. Dobson was here on business last Friday.

Mr. and Mrs. J. M. Keeler arrived here on Friday from the East. They will be here some time visiting their son, Mr. K. Keeler.

Mr. J. Faulkner is the first in the district to be digging new potatoes, and they are certainly fine for the time of the year.

The candidates of our Superior School began their examinations on Monday with broad smiles which we hope they will lose during the week. The presiding examiner is Miss A. Garnett.

Mr. T. Reece, who has the contract of putting in the cement and moving the Elks' B. C. packing house, has been busy the last week. He is making fine progress and will soon have the large apple shed in its new position.

A truck load of school children motored to Kelowna last Thursday to attend the Elks' Children's Day. Their truck fare was kindly paid by two gentlemen belonging to the Elks' Lodge of Vancouver. All that attended were greatly pleased with the entertainment of the day.

Manager M. de Puyffler of the Co-op. Packing House smiled a bit broader last week on seeing the cherries start, box material arrive and vegetables enter his packing house. He has not started any packers yet, being able to do it all himself, but two box-makers busy getting a start on the packers who will soon be starting.

## JUMBLE SALE AT OKANAGAN MISSION

Handsomeness Realized For School Children's Lunch Room

A very successful Jumble Sale was held on Thursday last, the 21st inst. Mrs. Lionel B. Simeon kindly lending her garden for the occasion. Everybody did their best to make it the success it was, about seventy people arriving during the afternoon. The object of the sale was to raise enough money to turn part of the basement of the local school into a lunch room for the children. The sum of \$140.00 was required for this. Over \$131.00 was taken at the sale; this, with the \$30 already in hand, assures the room of being completed before the children return to school after the mid-summer recess. Thanks are due to all who sent articles for disposal and also to ladies who helped at the different stalls.

## GIRL GUIDE NOTES

Company I. met on Tuesday evening as usual but, as most of the girls are busy with examinations, Mrs. Foster suggested that the meeting should take up as little of their time as possible. This being the last meeting before camp, there were one or two things to discuss and final arrangements to be made.

It was decided that camp should start Tuesday, July 3rd. It will be under the direction of Camp Commandant Mrs. T. M. Anderson, Capt. Lloyd-Jones, Lieut. Doris Jones and Sports Director Miss McDougall.

The girls will be at the Scout Hall with all camp equipment at 10.30 a.m. Cars will be provided to convey the girls and trucks for the baggage. Camp fees are to be paid to the leaders by Saturday noon, June 29th. Guides are to keep last year's numbers for marking clothes, etc. Some dishes and towels not claimed last year can be obtained at the Scout Hall between 2 and 2.30 p.m., on Saturday, June 30th.

Through the kindness of Mrs. P. B. Willits, we are really to have a phonograph lent us this year. Will any girls who can bring records, be sure to do so—ordinary disc ones?

Parents wishing to send personal parcels to girls can send them only on Saturday, July 7th, by car leaving Mrs. Rowcliffe's not later than 7 p.m. Many have expressed a wish to send gifts in kind to the Guides while in camp. These will be very welcome. Phone Mrs. Rowcliffe, 45, or Mrs. Cross, 248-R1, and these will be called for on whichever day the donor wishes. The Sunday service in camp will be conducted by the Rev. A. MacClurg at 3 p.m.

We are sorry to be losing some of our older Guides who are leaving the city, but before they leave we hope to all have a good time together in camp and perhaps we may see them back for it next year. We are glad to welcome back Patrol Leader Grace McCarthy and Second Ruth Rowcliffe, who will be with us in camp.

If the weather is very unfavourable it might be necessary to postpone the opening of camp for a day, but we feel that the chances are with us.

Yes, Brownies, we expect you to visit us for the day on Tuesday, July 10th, and anticipate a pleasant time for all.

The Brownies had an enjoyable outing last Saturday, when they repeated a portion of their recent concert programme for the benefit of the Rutland Brownies.

## BROTHER BILLS GIVE THE KIDS A GREAT TIME

(Continued from page 1)

followed by a display of talent given by the Elks' Amateur Minstrels. This entertainment was given before a crowded house, and Past Exalted Ruler R. J. Gordon, in a brief speech, thanked the audience for their presence and stated that, owing to it, the Children's Flag Day was a financial success.

The artists in the first part of the programme were, Miss Amy Fleming, Mrs. J. H. Trenwith, Mr. T. G. Griffiths, Mr. C. Gowen, Mr. D. F. McGuire, all of whom had to respond to repeated recalls. Miss Fleming, who gave a splendid rendering of "Day-break," was particularly well received, also Mrs. Trenwith, whose interpretation of "The Swallow" delighted the audience.

The second portion of the entertainment showed that the local Elks, who had been trained under the supervision of Mr. J. Borthwick, possess an unusual amount of musical talent. The dusky circle was composed of Messrs. H. F. Hicks, F. Burr, D. R. Butt, J. Small, A. L. Parsons, A. C. Poole, T. G. Griffiths, S. L. Sharrock, S. Weeks, F. A. Martin, C. W. Cope, E. McGuire, Ginnis, J. Hughes and D. F. McGuire.

They were assisted in a portion of their programme of dusky melodies by Mr. K. MacLaren and Mr. G. A. Meikle, and Mr. H. F. Chapin acted as Interlocutor. The end men were: Bones, Messrs. W. M. Parker, T. L. Hicks and J. Calder, and Tambos, Messrs. A. H. DeMara, F. Pharey, and T. Treadgold. Mrs. Angus McMillan acted as accompanist and was presented with a beautiful bouquet on behalf of the Elks' Lodge for her services. A portion of the Philharmonic Orchestra furnished excellent music throughout. The dardies sang many well-known melodies, all of which were well rendered, and the end men kept the audience in good humor throughout the evening by topical allusions, understood by everybody.

A first-class oration by Professor G. A. Meikle on "Taste Not, Touch Not, Handle Not" literally brought down the house. The entertainment was brought to a close at a late hour by all singing the National Anthem.

## G.W.V.A.

The June issue of "As You Were" is now to hand and contains full details of the programme for the Re-union Week at Vancouver. Copies were posted direct to all those who filled in the coupons and there is also a further supply to be obtained at the Club.

The programme of events is well thought out and will provide an excellent week's diversion to those who are able to avail themselves of the opportunity to visit the Coast.

About thirty members are going to the Convention and Re-union. Several of these are leaving on the Saturday morning but the majority are going via Summerland and will leave here on Sunday morning.

Transportation vouchers will be issued by the secretary at the Club on the evening of Thursday, when all those who intend to go are invited to come in and obtain them.

Comrade Pharey has been granted leave for ten days, and during that time his duties will be undertaken by Comrade A. Gibb.

There are two vacant bedrooms available for renting, and particulars may be obtained from the steward or the secretary.

## KELOWNA GROWERS' EXCHANGE

FREE CITY DELIVERY

on FRIDAY, JULY 6th.

The full flavor of the fruit

Now you can make jam or jelly so easily that you will put up all your favorite fruits throughout the season. By using

**CERTO**  
(Star-Jell) Pat. Off.

you reach the "jell" point with only one minute's boiling, thus retaining the full flavor of your fruit. Certo is pectin—the natural jelling substance of fruits. Your jams or jellies will keep perfectly.

Complete Booklet of Recipes with every bottle. If your grocer does not have Certo, send his name and 40c and we will send you a bottle.

**Mother Nature's year-round jell maker**

**How to Make Raspberry or Blackberry Jam**

Crush well about 2 quarts ripe berries in separate portions, so that each berry is thoroughly mashed. This allows fruit to quickly absorb sugar during the short boil. Measure 4 level cups (2 lbs.) into large kettle, add 7 level cups (3 lbs.) sugar and mix well. Use hottest fire and boil, stirring constantly before and while boiling. Boil hard for one full minute, remove from fire and stir in half bottle (scant 1/4 cup) Certo. From each berry is thoroughly mashed, time jam is taken off fire, allow to stand not over 5 minutes. By the clock, before pouring. In the meantime, skin, and stir occasionally to cool slightly. Then pour quickly. If in open glasses, paraffin at once. If in jars, seal at once, and invert for 10 minutes to sterilize the tops.

## More Cars Shake Themselves to Pieces Than Ever Wear Out

Charge that up to vibration—the constant trembling that causes cars to grow old prematurely by racking the chassis, destroying the “metal life” of vital parts, loosening up bodies and causing squeaks and rattles. Frequent, costly repairs are the result.

The Studebaker Light-Six is freer from vibration than any car of its approximate size or weight yet produced. This has been accomplished largely by machining the crankshaft and connecting rods on all surfaces—a practice used by Studebaker exclusively on cars at this price and not to be found on any other car in Canada selling for less than \$3500.

Aside from its mechanical excellence, the Light-Six is handsome in design, extremely comfortable, sturdy, and we believe the most economical car to buy and operate ever offered at \$1375 or anywhere near this figure. It is powerful, flexible, speedy, easy to handle and convenient to park.

The Light-Six is well worthy of the Studebaker name, which for 71 years has stood for unfailing integrity, quality and value.

## Are You Loyal To B.C.?

A big majority vote was cast when nearly 4,000 growers of fruits and vegetables decided by written ballot and a five-year tight contract that British Columbia growers have their own co-operative organization that would represent the industry.

Nearly 90% of the B. C. Growers are already members. Recognized loyalty to B. C., in this common problem will certainly and rapidly increase this membership towards the ideal 100%, as any grower who thoroughly acquaints himself with its purposes will recognize in this movement his duty to himself and his fellow growers.

It is a duty and a privilege.  
Be a part of us. Talk it over.

**ASSOCIATED GROWERS OF B. C. LTD.**

## EAST KELOWNA

Every one is busy thinning, except those who have cherries to pick. The wet weather has helped the thinning as it has given the grower time to do his own thinning since he has not been bothered with having to irrigate. Several growers have been disappointed by the Associated Growers refusing to receive their Governor Woods and other early cherries, while dismay has been brought to many by the news of the O. U. G. going into liquidation and by the very pessimistic reports as to the value of the “pink notes.” Many people are absolutely depending on the amount they expected to receive from the next note due and the blow is a terrible one.

On the other hand, those who shipped through the B. C. Growers, Ltd., last year heard good news at the meeting held on Monday evening, at the East Kelowna Schoolhouse, to hear the report of the committee, Col. Lindesay, Messrs. J. E. Reekie and G. M. Stanley, who had been appointed to sue the company in the name of the growers. Mr. W. Crichton, Spencer was appointed chairman of the meeting and Mr. Gillespie, secretary. The chairman called on Mr. Reekie to address the meeting.

Mr. Reekie stated the steps taken to recover the 20 cents a box red ink on the Jonathans and 5 cents a box brokerage. Finally, the company offered to refund 18 cents a box on Jonathans and one cent a box brokerage. Considering the uncertainty of law, the long delays, risk of appeal and the large law costs that would be incurred if this offer was refused, the committee decided to accept it. Both sides had made sacrifices to attain a settlement. The growers gave up part of their claim and the B. C. Growers, Ltd., were paying a very large amount, about \$21,000. There were 25,000 boxes of Jonathans involved. He hoped every grower would at once sign the form ratifying the settlement and send it in as, of course, the company offered to settle only on condition that the growers released them from all claims they might have against them.

The meeting seemed very well satisfied with the report and a vote of confidence in and thanks to the committee was passed with loud applause. Col. Lindesay responded on behalf of the committee. He praised the work of Mr. Rees, manager of the Royal Bank, and of Mr. P. B. Willis, whose good offices had largely helped on the settlement. On a motion, the secretary was directed to convey the thanks of the meeting to these gentlemen.

A question was asked as to who was liable for the expenses so far incurred and after a discussion the committee was asked to circulate those who will receive these refunds from the company to subscribe towards the expenses in proportion to the benefits they derive. In any case the expenses, as only the writ had been issued, will not be heavy.

On Thursday evening, June 28th, there will be a public meeting in the Schoolhouse to hear Commander Lewis speak on behalf of the new Provincial Party.

Our school children had a very enjoyable time at the Elks' Flag Day. Our grateful thanks are due to the members of the Order for their invitation, also to the following gentlemen who kindly furnished transportation: Messrs. Lionel Fox, Dendy, Powell, Armstrong, Drysdale, Allan, Miller and Perret.

Despite the rain there was quite a good attendance at the Sunday School. The superintendent announced that the annual garden party will be held on Thursday evening, July 12th.

The day school picnic will be held on Friday, the 29th, at Okanagan Mission. Parents and friends cordially invited. Please be at the school about 10.30 a.m., and bring baskets. Ice cream will be provided by the School Trustees.

The Trustees of the S.E.K.I.D., with the exception of Mr. Hart, who was unable to attend, spent last Friday and Saturday at McCulloch inspecting the reservoir and also the Canyon Creek East Extension ditch, which none of them had seen before. The manager was also there and Mr. Dave Wardlaw. The district is fortunate in obtaining the services of Mr. Wardlaw, who lives at McCulloch, and knows every inch of the country. The reservoir is a magnificent sight and looks like a large natural lake. We wish every water user would take a trip to see the reservoir but we must warn them that the road at present is in bad shape and is injurious to a good car.

Dam No. 2 with its clay core and heavy rip-rap looks a very fine piece of work and is a credit to the engineer and contractors. From there we took two boats and after a long row arrived at the end of Minnow Lake and inspected the log spillway. The water was running over the 224 foot level of the reservoir being at the bush brings you to Lodge Lake dam. We are no engineer but this dam looks very weak. The old dam is under water and the new dam is in a much better position. It has no clay core and the soil seems very porous. There is a spring or a leak starting on the west side which Mr. Wardlaw is watching. Of course, it was very hard to build this dam a-way in the bush with no clay anywhere near.

We next went to Dam 3. This is a tremendously strong dam with a clay core built purposely so as to allow of it being raised at some future date.

Next day we visited the Canyon Creek Extension Ditch. This takes a whole day. We took the train to Myra, went to the old camp 11, then a five-mile trail through the bush brings you to the ditch. We walked up to the intake. This was the only place where the mosquitoes were bad, although we had all provided liberal quantities of mosquito dope. We then followed the ditch to the end. Some of the Trustees walked the four miles further to McCulloch, the others rode horses Mr. Wardlaw had provided. It looks to us that it would be good policy to spend

## LETTERS TO THE EDITOR

### ELKS RETURN THANKS

Kelowna, June 25, 1923.  
The Editor,  
Kelowna Courier.

Dear Sir,  
On behalf of the members of Kelowna Lodge, No. 52, Benevolent and Protective Order of Elks, I wish to convey, through The Courier, the sincere thanks of the members of the lodge to all citizens in Kelowna and district who so nobly assisted us in our Flag Day celebration and in our minstrel entertainment.

Yours sincerely,  
C. B. LATTA,  
Secretary.

### THE S. K. L. WATER SYSTEM

East Kelowna, B.C., June 26, 1923.  
To The Editor,  
Kelowna Courier.

Referring to the East Kelowna correspondent's notes in your last issue re the improved service on the S. K. L. system this year, I would like to correct a wrong impression that may be conveyed to the water users, i.e., that the improved (?) service is due to the supervision of an individual Trustee. Such is not the case, the responsibility now, as in the past, rests entirely with the patrol man, the water bailiff and the undersigned. Clause 19 of the District's Rules and Regulations distinctly covers this.

I am pleased to find that Col. Pringle deems this year's service an improvement on last year's. May I, with all due deference, point out that Col. Pringle is probably overlooking the efforts of a beneficent Providence?

I fail to see how Mr. J. Stirling is in a position to express an opinion on S. K. L. service when he is served by the C. C. L. system.

The above is written not in any querulous mood but merely as a bald statement of facts. See Romans, 13 chap., 7th verse.

Thanking you, Sir,  
Yours truly,  
D. S. JONES-EVANS,  
Manager,  
S.E.K. Irrigation District.

### EAST KELOWNA DOMESTIC WATER SYSTEM

Kelowna, B.C., June 26, 1923.  
The Editor,  
Kelowna Courier.

Dear Sir,  
In his East Kelowna Notes last week your correspondent says he is unable to understand what I meant in my letter by the words “and those whom he represents.” Your correspondent was reporting a meeting of the Trustees of the S.E.K.I.D. and I naturally took it that he was reporting the views of that body. However, in his last week's communication he makes his position quite clear as to that.

Your correspondent also re-affirms his opinion that it would have been better to have voted for “one of the other schemes.” It would be upon interesting if he would particularize this and tell us what particular scheme he thinks would have been preferable to the one chosen, and give its distinctive points of advantage. It will also be interesting to know what efforts were made to the course it was following at the time the pipe was put in, why those efforts were not successful. As he is regretful that a filter bed was not installed, I would like to be installed and if so at what point and what is the estimated cost of putting it in and the probable cost of upkeep.

Information on the above will, I think, be read with interest by the water users.  
Yours truly,  
JOHN E. REEKIE.

A small dehydrating plant, which will be used for experimental purposes, is shortly to be installed at Penticton, according to an announcement made by Mr. C. C. McGillivray, federal inspector under the Canned Foods Act. It will be one of four similar plants which the Dominion Government is about to erect, three of which are about to be erected in Ontario. The plant at Penticton will be put up in about six weeks, in ample time to handle a portion of this year's crop.

Some money on the ditch to get the full advantage of it. There are some bad curves in sandy soil which are dangerous and should be straightened. The intake is a poor piece of work. Also, as the water finds its way through the bush for four miles from the end of the ditch to the reservoir, a lot is lost and a little work here and there to help it make a channel would reduce the loss considerably.

There seemed to be lots of game. On the way back two beautiful two-year-old bucks stood by the road and didn't seem at all afraid of the truck.

The Trustees held a meeting on Tuesday. There was a lot of correspondence and accounts to be gone into. A new assessment by-law was passed. Mr. Philip Shaw was appointed as the new assessor. The Trustees are trying a new idea in assessment which they believe will be a big improvement. The Court of Revision will be held on October 15 instead of in the spring, so that the Court can inspect any land in dispute before the snow is on the land. One rancher asked to be excused his natural flow toll because he hadn't used any but, as the natural flow is a flat rate no matter how much or little natural flow you use, the Trustees will have to charge him the same as the others.

Next meeting of the Board, Tuesday, July 10th.

We nearly forgot our school principal wants parents to let the secretary of the School know what children are entering the School next term, as the requisition for new books, etc., has to be sent in to the Free Text Book Branch of the Department of Education very shortly.

### ATTITUDE OF ASSOCIATED GROWERS ON “RED INK”

(Continued from Page 1)

Understanding, however, that low grade, off size or poor condition fruit will not be shipped in any pool where the total returns in that variety pool would be reduced by so doing. For instance, it is absolutely necessary to restrict the shipment of culls, even though a slight margin might possibly be realized, if these culls so demoralize the market on the better grades as to lose more than is gained by such low grade shipments. It is not within the province of a growers' co-operative organization to attempt to deliberately create an artificial market by destroying or withholding the better grades, sizes, etc., of any variety, unless the market becomes so demoralized as to indicate greater chances for red ink than credits.

It is, however, the unpleasant duty of any shipper, manager, or staff of the Associated, as far as can be foreseen, to decline to permit any member doing something through the pools of the Associated that will result in charge instead of a credit as the result of his action. Should the member, however, be willing to assume all financial risks under such an emergency, and satisfy his Local Manager as to financing individually any loss that might result, that member could, with the particular case in question, have it handled for his own individual account instead of through the pool, provided the quantity involved is sufficient to warrant recording separately.

Under the trying emergencies we are touching upon, it is a world-wide practice of many competitors to deliberately build up false hopes and even offer to pay for the product, particularly if the competitor knows that the grower is under contract, precluding his accepting his offer. His assurance costs him nothing and he thereby hopes to gain the good will of the growers in the co-operative institution. Where the offer is bona-fide, it should at once be submitted by the members of the Local who, under the direction of the Central, will arrange for the sale, subject of course to the regular pro-rata charges of the organization. In this way the grower as well as the co-operative body carries out the true purposes of their institution. The competitor becomes a legitimate speculator and a bona-fide sale is made with the purchaser assuming such risks as may be involved.

This analysis of policy in such matters is given as interpretation of the Associated's attitude on their Membership Contract as covered in Clause 1, Section (a), reading as follows: “To dispose of any and all such fruits or vegetables in whatsoever manner it shall judge to be to the best advantage of the grower.”

And Clause 8, reading: “The Co-operative shall from time to time make rules and regulations regarding harvesting, handling, delivering, standardizing, grading, classifying and other matters fruits and vegetables and other matters pertinent hereto, and any such rules and regulations, to enforce said rules and regulations, and the grower and the Local each agrees to accept the grading and standards established by the Co-operative. The determination of the Co-operative as to grades and standards shall be final.”

And (d) as follows: “Fruits or vegetables unfit for shipment must be refused and rejected by the Local, and the Manager of the Local shall be the sole judge of such unfitness. Such rejected fruits or vegetables may not be offered for sale elsewhere by the Grower.”

Furthermore, any grower may have the privilege of securing a special permit from his Local to make gifts to his friends or dispose in a small way of his crop where the Local Manager is convinced that it will be unarguably consumed locally in his own community. Any abuse of this privilege would naturally restrict further privileges being granted.

The foregoing generally deals with conditions that will be the rare exceptions rather than the rule this year, and because such conditions are frankly mentioned, it does not indicate that our members should be in the least disheartened. The very fact that such possible emergencies will be dealt with firmly, and with the steadfast purpose of doing everything possible to avoid

## Men who make this test

Find quicker, easier shaving

We want you to test a shaving cream which, millions of men will tell you, gives quicker, easier shaves. It cost us 18 months' time—130 experiments—to perfect it. But the result was a cream in 5 distinct ways better: It softens the toughest beard in one minute—without rubbing in. Multiplies itself 250 times in rich lather.

THE PALMOLIVE COMPANY OF CANADA, Limited  
Montreal, Que. Toronto, Ont. Winnipeg, Man.

## PALMOLIVE SHAVING CREAM

Lather will last 10 minutes on the face. Strong bubbles hold hairs erect—for easier cutting. Skin is left soft and soothed by lotion-like effect of palm and olive oils. IF PALMOLIVE SHAVING CREAM does all this you will want to know it. If it doesn't—well, we are the losers. Mail coupon for free tube today.

10 SHAVES FREE

General Manager.

## EXAMINATIONS IN PROGRESS AT HIGH SCHOOL

Large Number of Candidates Writing Under Departmental Tests

The annual examinations held by the Department of Education are in progress at the High School this week. Miss Wood and Miss Archibald, of the Public School staff, are acting as supervisors under the direction of the Inspector, Mr. Hall.

Seven candidates who have been studying under the tuition of Mrs. A. D. Marshall are trying the senior matriculation examinations, four taking the full course and three a partial course.

Thirty-two candidates have presented themselves for the junior matriculation examination, including three who are taking supplemental examinations and two from outside points. In addition to those already recommended, nine candidates are trying the advanced course, junior grade examinations for entrance to the Matriculation Division, and six the preliminary course, junior grade, for entrance to second year high school.

Those students who are entering the Matriculation Division in September next must, at the beginning of the school year, make their choice between two objectives. According to the new regulations issued by the Department of Education, all those who wish to attend the Provincial Normal School will be required in 1924 and in succeeding years to pass an examination known as Normal Entrance. This corresponds in point of difficulty with the junior matriculation examination but substitutes English history for the present more general course in history, and makes geography compulsory, taking the place of a second science or a second language. The junior matriculation examination remains as before, but will not serve as admission to the Provincial Normal School.

Numerous bands of wild horses have become a serious menace to stockmen on some of the ranges in the Cariboo district, and permission is being sought to exterminate them.

## Mrs. W. R. H. Keeps Cows

She says that while they keep cows she would no more try baking a cake without Pacific Milk than she would without baking powder. “It makes richer and better cakes and cookies and takes much less shortening even than cream,” Mrs. H. says.

It must make a difference when a good cook will buy it when she has fresh milk and cream from her own cows.

Result of Policy in Vancouver  
A gentleman connected with  
the Bank of Commerce in Van-  
couver, on Sept. 1st, 1908, had a  
20 Payment Life policy issued  
to him by The Great-West Life  
Assurance Co.  
The quinquennial dividends  
were accumulated to lessen the  
number of payments.  
On Sept. 1st, 1922, fourteen  
years from the date of the policy  
it was fully paid up, and he re-  
ceived in cash \$20.65.  
It was really a 14 Payment  
Life.  
He will receive dividends on  
this paid up policy as long as he  
lives.

## THE KELOWNA COURIER

AND  
Okanagan Orchardist.

Owned and Edited by

G. C. ROSE.

Circulation, 1,200

**SUBSCRIPTION RATES**  
(Strictly in Advance)  
To any address in the British Empire  
\$2.50 per year. To the United  
States and other foreign countries,  
\$3.00 per year.

The **COURIER** does not necessarily  
endorse the sentiments of any  
contributed article.  
To ensure acceptance, all manuscript  
should be legibly written on one  
side of the paper only. Typewritten  
copy is preferred.  
Letters to the editor will not be ac-  
cepted for publication over a "nom-  
de plume"; the writer's correct name  
must be appended.

Contributed matter received after  
Wednesday noon will not be pub-  
lished until the following week.

**ADVERTISING RATES**  
Classified Advertisements—Such as  
For Sale, Lost, Found, Wanted,  
etc., under heading "Want Ads";  
First insertion, 15 cents per line;  
each additional insertion, without  
change of matter, 10 cents per line.  
Minimum charge per week, 30  
cents. Count five words to line.  
Each initial and group of not more  
than five figures counts as a word.  
Filing fee for box numbers, c/o  
The Courier, if desired, 10 cents  
extra.

Transient and Contract Advertis-  
ments—Rates quoted on application.  
Legal and Municipal Advertising—  
First insertion, 15 cents per line,  
each subsequent insertion, 10 cents  
per line.  
Contract advertisers will please note  
that, to insure insertion in the cur-  
rent week's issue, all changes of  
advertisements must reach this  
office by Monday night. This rule  
is in the mutual interests of patrons  
and publisher, to avoid a congestion  
on Wednesday and Thursday and  
consequent night work, and to  
facilitate publication of The Courier  
so as to reach country customers  
before Saturday.

THURSDAY, JUNE 28TH, 1923

## Orchard Run

CANADA'S PREMIER WEEKLY.

A great honour has come to the O-  
kanagan in the award to the Vernon  
News of the Brennan Silver Cup, pre-  
sented by Mr. A. R. Brennan, retiring  
President of the Canadian Weekly  
Newspapers Association, for the best  
all-round weekly newspaper published  
by a member of the Association. As  
the Association comprises some 480  
papers, or a very large majority of the  
total number published in Canada, it  
will readily be understood that it was  
no small achievement to win the cup  
in the face of severe competition from  
Eastern weeklies with much larger cir-  
culation.

The conditions of the competition  
called for the submission of three cop-  
ies of different dates, published between  
Feb. 1, 1923, and April 30th, 1923, regu-  
lar issues, special, holiday and anni-  
versary numbers being barred, so that  
each journal was judged solely upon  
the merits of its regular weekly edition.  
We take pleasure in extending our  
esteemed contemporary our very  
heartiest congratulations upon its  
success, which, we trust, will meet with  
due appreciation by its patrons.

DAYLIGHT SAVING

Daylight saving has had a bad turn-  
down at the hands of the people of  
Vancouver, and it is an institution that  
has failed to win in the West the gen-  
eral favour with which it is regarded  
in the Old Land and France, in both  
of which countries it is now established  
by law. The more arguments adduced  
for it, the more stubborn opposition is  
manifested by those who object to any  
change of the clock for a portion of the  
year, and it is a waste of time to seek  
to convince them. Frankly, we admit  
being strongly in favour of the plan  
for many years past, an opinion con-  
firmed by actual experience of its ad-  
vantages while overseas, but it is nec-  
essary to recognize that the weight of  
public opinion here is against it.

The need of longer evenings for re-  
creation is manifest by the difficulty  
of running off the games in the Dis-  
trict Baseball League. Work is con-  
tinued by the players up to six o'clock  
and what with having to go home for  
a meal, change clothes and get to the  
place of battle, it is very difficult to get  
a game started even by seven o'clock.  
The result last year was that many  
games were terminated by darkness  
while at a very interesting stage, and  
now that the days are beginning to  
shorten although summer seems to  
have only begun, the same is likely to  
happen this year.

A practical solution was offered by  
the "Nelson News" some time ago  
in suggesting that no change of the  
clock be made, but that all make up  
their minds to start the day one hour  
sooner and close the daily labours one  
hour earlier. Farmers will grin at this  
sardonically, as they govern their hours  
by the work to do and the weather  
conditions, but why should it not be  
carried out by all business firms on  
all days but Saturday? Such an ar-  
rangement for the next two months,  
which would cover the remaining pe-  
riod of outdoor sports so far as sched-  
ules are concerned, would cause very  
little inconvenience and would be of  
great benefit and advantage to the pro-  
motion of all kinds of athletics. We  
recommend the idea to the consideration  
of the Retail Merchants' Association,  
and if the Kelowna Amateur Athletic  
Association would lend its influence,  
there should be a good chance to carry  
out the scheme.

The majority of the orchards in the  
Keremeos district are reported to have  
a light crop this year, owing to insuf-  
ficient thinning last season.

## A SEASONABLE RECIPE

**Strawberry Short Cake**

2 cups flour  
2 teaspoons baking powder  
1 teaspoon salt  
2 rounding tablespoonfuls butter  
2 rounding tablespoonfuls granulated  
sugar

1 cupful Borden's St. Charles Milk,  
undiluted.

Sift all the dry ingredients together,  
work in butter, as you would for pie  
crust, add the milk, beat with spoon  
(it will be very stiff) and bake 20  
minutes in an oblong pan. Split the  
cake with a hot knife, butter the two  
sides and put them together with two  
quarts of strawberries which have

been cut into small pieces, sweetened  
and allowed to stand before placing  
on cake.

At Armstrong the old Public School  
building is to be used next school term  
as a High School, and the present High  
School building as a Public School.

The impending doom of Barkerville,  
the historic centre of placer mining in  
the Cariboo, has been delayed for a  
year. It was announced some months  
ago that all the old buildings there  
would have to be moved to a new site,  
so that new hydraulic operations could  
be commenced, but it has been decided  
to wait another year at least before  
this is done.

## GROCERY SPECIALS

For TWO DAYS ONLY

Fumerton's BEST Coffee, on-  
ly 3 lbs. to each custo- 95c  
mer; reg. \$1.50; 3 lbs. 95c

**MRS. J. A. WILKIE**  
HAIRDRESSER  
MISS GREENWOOD  
DRESSMAKER & COSTUMIER  
Opposite C. P. R. Wharf 45-2p

## FARM FOR SALE

10% CASH—BALANCE IN 25 YEARS AMORTIZED

**THE SOLDIER SETTLEMENT BOARD OF CANADA** offers for Sale by Public Tender:

**PARCEL No. 902**  
Legal Description: Lot "B," Reg. Plan 1546, O.D.V.D.  
Acreage: 10.29 acres.

**Location:** 4 miles Kelowna. 1/2 mile Benvenuto School.

**Buildings:** Dwelling, Stable, Chicken Shed and Wood Shed, in good condition.

**Water:** Well and Mission Creek.

Terms of sale are 10 per cent of the purchase price in cash on acceptance of the tender, and the balance in twenty-five equal, annual instalments, with interest at 6 per cent per annum on the amortization plan.

Each tender must be accompanied by an accepted cheque for \$100.00. If tender is accepted, this sum will be credited to the purchase price of the land. If tender is not accepted the money will be returned to the tenderer.

Tenders will be opened at Vernon, on July 7th, 1923.

The highest or any tender not necessarily accepted. If the land is not sold on the date above mentioned, the Board will be prepared to receive offers to purchase until such time as it is finally disposed of.

Tenders should be in plain envelopes marked "Tender for the purchase of Parcel No. 902." Address tenders and enquiries to:

**THE SOLDIER SETTLEMENT BOARD OF CANADA**  
G. CHALMERS JOHNSTON,  
District Superintendent.

Dated at VERNON, B. C., this 18th day of June, 1923. 45-1c

Exceptional values in gold are being obtained at present at the property of the Silver Bar Mining & Development Company Ltd., near Ewing Landing. The ore consists of tellurides and pyrrhotite in quartz, and the ore body is wide.

Accordingly to figures recently published by the Provincial Government, there are still over four and a half million acres of land left in B. C. which are open for pre-emption. The largest area is in the Cariboo District, nearly one million acres, the next in size being portions of Lillooet, where there are still some eight hundred thousand acres suitable for settlement.

## Local and Personal

Mr. and Mrs. E. Brettell, of Vancouver, spent Monday in Kelowna on their way to Vernon.

Mr. W. Morris, auditor for the Workmen's Compensation Board, is paying an official visit to town this week.

Mr. and Mrs. A. S. Chapin, of Toronto, who were visiting Mrs. B. McDonald, left on Monday for their home in the East.

Mr. and Mrs. O. F. D. Norrington have moved from their former residence on Bernard Avenue to a house on Lake Avenue.

Mrs. Harvey Brown, of Armstrong, arrived yesterday to spend a week's visit with her parents, Mr. and Mrs. W. Sturtridge.

Mr. and Mrs. L. A. Hutton, of Calgary, who for the past two weeks have been staying at the Palace, left for home this morning.

Mrs. D. D. Campbell, who had been staying with friends at Vancouver, left there on Wednesday to join her husband in California.

Mrs. A. D. Fraser, Miss Fraser and Miss Flossie Fraser, of Vancouver, are paying a visit to Mr. and Mrs. J. C. Taylor, Vernon Road.

Mr. and Mrs. J. P. Rathwell and family, of Calgary, who were staying at the Palace, have rented a house on Elmer Street, and intend to locate in Kelowna.

Captain N. Lewis, R.N., of Rock Creek, organizer for the Provincial Party, arrived in Kelowna yesterday and will be staying at the Lakeview Hotel for a few days.

Mayor Sutherland was elected Grand Supervisor of District No. 3, at the fifth annual Convocation of the Grand Chapter of Royal Arch Masons, held at New Westminster last week.

Mr. T. Murray left on Saturday morning for Pictou, N.S., travelling by car to Kamloops, where he caught the Canadian National train. He expects to be in Nova Scotia for several months.

The members of the Kelowna Ladies Hospital Aid met on Monday afternoon at the Board of Trade Hall and transacted routine business. This was the last meeting of this organization to take place during the busy season.

Miss Vivian Jones, daughter of Mr. J. W. Jones, M.L.A., who has been on the staff of the Grand Forks High School, has been appointed to a position on the staff of the High School at Summerland.

Brig.-Gen. A. R. Harman and Mrs. Harman, accompanied by Mr. and Mrs. Wynne Price, left on Saturday morning for Vancouver, where they will be the guests of Maj.-Gen. and Mrs. A. D. McRae for two weeks.

Now that the picking and thinning season has begun, the lack of an official labour agency in Kelowna is causing a great deal of inconvenience, the more so as private agencies of that nature are prohibited by law.

Cubmaster H. G. Bartholomew is very anxious that all Cubs, both Sections "A" and "B," turn up at the Scout Hall next Wednesday evening, July 4th, at 7 p.m., when arrangements will be made for going into camp.

Miss Nellie Dore, Kelowna Queen of the May, has been chosen as one of the Maids of Honour in connection with the crowning of the Dominion Day Queen at Penticton on July 2nd.

Miss Bonnie Brunette, who accidentally fell down the steps of her father's cellar on Saturday and had to be taken to the Kelowna General Hospital suffering from concussion of the brain, is, we are glad to state, making satisfactory recovery.

Mr. E. H. Johnson, of the Penticton Turf Club, spent Tuesday in Kelowna in order to make arrangements for boat service between Kelowna and Penticton on Dominion Day, when a great celebration will be held in the southern town.

Brig. General J. M. Ross, G.O.C., M.D. 11, arrived in Kelowna on Monday afternoon and inspected the troops at the C. M. R. camp, leaving next morning by car for Penticton. He was accompanied by Major W. A. Townsley, of Vernon.

It has been given out that a settlement has been effected in the action which a number of fruit growers recently brought against the B. C. Growers, Ltd., in connection with the disposal of last year's fruit crop, on terms satisfactory to the growers.

It is the intention of the local poultry men to hold a show of their own at Kelowna this fall in the event of no Fall Fair taking place here this year, the matter which will be decided at the meeting to be held tomorrow, Friday, night in the Board of Trade Hall.

Mr. Joseph Paret, of E. W. Wilkinson & Co., returned to Kelowna on Monday afternoon's boat from the Lucia, B.V.I. where he passed the winter months. He travelled by steamer direct from St. Lucia to St. John, N. B., and via the C.P.R. main line.

A very pleasant dance took place at the Aquatic Club on Saturday evening, which was attended by most of the officers of the 2nd C. M. R. Some three hundred people were present and dancing was kept up till a late hour to the strains of Winstone's orchestra.

On Friday evening a number of radio fans at Messrs. Thomson & Gore's store were able to hear quite distinctly Mr. and Mrs. F. W. Simmons, of Kelowna, who were speaking at an initiation held at the Owls Club, Portland. Judging from some of the sounds heard, Mr. Simmons was being put through the ceremony of riding the goat, much to the amusement of Mrs. Simmons.

On the 18th inst., Ald. D. H. Rattenbury, Registrar of Voters for the South Okanagan constituency, held a court of revision of the voters' list at Kelowna at which two hundred and ninety-nine names were added to last year's list and forty-eight were taken off. The number of voters in this Riding is 4,210 as against 3,967 in 1922.

The new regulations for grading fruit which will be in force this season have not yet been received at any of the packing houses in Kelowna, but it is understood that they will be similar to if not identical with those in force in the State of Washington. In the meantime the Washington cherry lug is being used for the shipment of the local crop.

Mrs. F. R. Shikora desires us to state that the news item intimating her impending departure from the city early next month, published in last week's Courier, was sent in without her authority. In this connection, we would ask all who send in such personal paragraphs for publication to kindly sign them, otherwise they will not be published.

The Dominion Cannery, at Penticton, has already commenced canning cherries, and the management of the company at Kelowna are making all possible arrangements to begin operations as soon as it is possible, and with here as soon as it is possible to receive further applications for work from the women of Kelowna and district, so as to obviate the necessity of importing outside help.

The firm of George Rowcliffe, Ltd., commenced yesterday to ship cherries, mostly Black Tartarian and Royal Anne, to prairie points. The management of this company report that the damage through excessive rain to the cherry crop has been grossly exaggerated and that they have received reports from the prairie points where cherries have been shipped by them that the fruit landed on the market in fine condition.

In order to remove any possible misunderstanding, we might point out that the list of licensed real estate agents published in last week's Courier did not purport to give the names of all the licensed firms in Kelowna, but only those whose names were given in "The British Columbia Gazette" of June 14. The Okanagan Loan & Investment Trust Co. and Mr. Allen E. Ross inform us that their licences were issued some time ago, and there may be others in the same position.

Forty-five women and girls are now finding steady employment at the Occidental Cannery and, on an average, a little over a ton of berries is being canned daily. So far, only strawberries have been put up, these reaching the cannery mostly from outside points, Armstrong, Vernon, Winfield, though local berries are also coming in together with small shipments from Westbank. Cherries are also reaching the cannery, mostly from Early Richmond and Montgomery, and they will be canned this week.

## REPORT ON CROP AND WEATHER CONDITIONS

By Horticultural Branch, Provincial Department of Agriculture

Vernon, B.C., June 23, 1923.  
Lower Mainland

Since the last report the weather has been most favourable for ripening of small fruits and the growers are having difficulty in keeping the patches picked up. The scarcity of pickers is a handicap in many places throughout the Valley. Strawberries are moving rapidly and the beginning of next week will be the peak of the season.

The pack this year is showing a great improvement and the proper facilities for handling are enabling the carload shipments to arrive in good condition.

A heavy drop has taken place in stone fruits and in some varieties of apples. Wealthies are holding up about the best, and considerable thinning will be necessary in this variety. Pears are dropping heavily.

By the end of the month it is hoped to be able to give an estimate of the crop for 1923.

Apple Scab and Powdery Mildew are showing up to a considerable extent owing to weather conditions, and growers would be well advised to spray for these.

There will be a heavy decrease in the eventual onion crop in the Vernon district owing to the depredations of the Onion Maggot.

Early potatoes are moving in small quantities, which is the earliest recorded for several years.

All other ground crops are in first class shape.

The first express car of fruit for the season left Okanagan Landing on June 20th.

## Kelowna

The apple crop is looking well and still promises to be a good crop. The drop was heavy in many orchards, but a great deal of thinning will be necessary.

Leaf Rollers, have done damage in a few places, but generally speaking, the thinning will take care of all the damaged fruit.

Some scab is beginning on the leavens of McIntosh, but as yet there is no damage on the fruit.

The early cherries are badly split and damaged by the rains, but late varieties such as Bing and Lamberts still promise well.

Penticton  
During the past week the weather has cleared and enabled the growers to complete the sprayings which had been held up by the unsettled weather. There is considerable thinning being done on apples and stone fruit at present, and this work should be completed as soon as possible in order to secure the most satisfactory results.

The cherry crop is looking well and although there will be some reduction of the earlier estimates, the crop promises to be one of very good quality. Royal Annes will probably start to move in about a week's time.

The peach crop will be somewhat lighter than in 1922, but the tonnage will probably equal that of last season.

## Coats Reduced to \$17.95

For immediate clearance these general utility coats have been sharply reduced. These are all this season's styles and a coat is a necessity for evening wear.

## OPENING OF TRANS-MOUNTAIN HIGHWAY

Wonderful Scenic Banff-Windermere Road To Be Officially Inaugurated On June 30th

The formal opening of the Banff-Windermere highway across the central Canadian Rockies, on June 30 next, will mark the completion of a notable achievement in the history of western engineering.

The new highway opens up the glories of the rich scenic region which lies within the Banff and Kootenay National Parks, which includes the famous resorts of Banff and Lake Louise, to motorists of the continent. It is also important because it forms the last link in the great 6,000-mile system of National Highway linking up the national parks and great touring centres of the Western and South-western United States with some of the national parks of the Canadian Rockies. In view of these facts the opening ceremonies will have a special interest to both countries and the occasion will assume something of an international aspect. It is expected that leading public men on both sides of the boundary will be present and deliver brief addresses.

The original intention was to hold the formal opening at Vermilion Crossing, a point almost equally distant from Banff and Windermere. Owing to the indications of a much larger number of participants than had been anticipated, it has now been decided to have the ceremonies take place at Kootenay Crossing, a few miles farther west. The Kootenay valley is a wide and beautiful one, with green and level meadows which will provide ample space on both sides of the road to allow for the parking of approximately 1,000 cars as well as for the convenient handling of traffic in both directions. No one will be allowed to travel over the road from either end before June 30. On the morning of that day cars will leave Banff and Windermere and proceed to Kootenay Crossing in time for the

opening ceremonies, which will take place about noon. After luncheon there will be a short programme of addresses, following which ribbons stretched across the road will be cut and the new highway declared officially open for traffic.

The new road, which was built by the engineering division of the Canadian National Parks Branch of the Department of the Interior, is 125 miles long and runs throughout its entire distance through wild and extremely beautiful mountainous country, crossing two mountain passes in its length. This is virgin country where many of the peaks as yet have not even been named and owing to the absence of towns and other settlements special provision for the needs of the motorist has been necessary. Since the beginning of the season workmen have been busily engaged clearing sites for camping grounds along the highway and equipping them with the necessary conveniences. Camps will be located at the following points: Vermilion Summit, Black's Camp, Hawk Creek, Vermilion Crossing, Kootenay Crossing, McLeod Meadows, Sinclair Summit and McKay Creek. The Canadian Pacific Railway has under course of construction a bungalow lodge similar to its Wapta Camp, at Radium Hot Springs and a tea and rest house at Vermilion Crossing. Other tea houses will also be available at the western end of the road. In addition, the existing public camp site at Banff has been considerably enlarged and improved and when completed will be one of the best equipped on the continent. It will be connected with the excellent Banff water system and will be provided with service buildings, shelters, tables, stoves, benches and other conveniences, including a telephone system with long distance connections.

For the convenience of travellers on the day of the opening special repair trucks and gasoline supplies will be stationed along the way, and the road will be in charge of a corps of Royal Canadian Mounted Police, who will see that all traffic is carried out in accordance with the regulations.

## THE PRAIRIE FRUIT MARKET BULLETIN

Current Prices and Market Conditions (From the Weekly Bulletin issued by J. A. Grant, Fruit Markets Commissioner, Calgary.)

Calgary, June 23, 1923.

The week in Calgary. Weather for the week has been rather cool and mostly wet. Rained Wednesday afternoon, all day Thursday and still raining Friday. Business is improving with collections a little easier.

A bumper crop is expected all over the prairies at least equal to the big crop of 1915.

B.C. is shipping in strawberries at the rate of eight cars daily. Owing to the slow retail trade prevailing, the movement had to be stimulated by a very low price; so far they are cleaning up daily.

The first B.C. Bing cherries came from the orchard of H. Plaskett, and sold wholesale at \$4.00 per crate. They were rather small in size and black pack. This market is at present supplied with California, Washington and Oregon cherries in faced lugs.

Gooseberries are again plentiful. New potatoes from B.C. are beginning to arrive and as usual the late districts are shipping very immature stock, which has had no effect on the spuds shipped from the Coast.

Hothouse tomatoes and cukes are moving freely at fair prices. Local market men are bringing in head lettuce and other vegetables by express from Walla Walla.

Calgary Wholesale Prices. Strawberries, B.C., best, crate... \$ 3.00. Strawberries, B.C., jobbed, per crate... 2.50. Cherries, Wash., Bing, per peach box... 4.75.

Plums, Cal., per 4 bskt. crate... 3.50. Apricots, Cal., Royal 4 bskt. crate... 3.50. Peaches, Cal., Alexandra, per 4 bskt. crate... 2.50. Cherries, B.C., Royal Ann, per 4 bskt. crate... 3.00.

Cantaloupes, Standards, 9.00. Rhubarb, B.C., and Wash., 40 lb. crate... 1.75. Rhubarb, Local, per lb... .03.

Apples, New, per pear box... 3.75. Gooseberries, 24 lb. bskt., \$2.50 to... 2.90. Asparagus, Walla Walla, case... 3.00.

Tomatoes, B.C., H.H., 4 bk. crte... 7.50. Tomatoes, Local, H.H., per lb... .35. Cabbage, Walla Walla, per lb... .08.

Onions, New Zealand, per lb... .08. Potatoes, B.C., grade A & B, per ton... 35.00. Potatoes, B.C., New, per lb... .06.

Potatoes, Alberta, grade A & B, per ton... 30.00. Spinach, Local, per lb... .08. Calgary Car Arrivals (June 14th to 20th).

B.C.: 8 strawberries, divided between Calgary and Edmonton; B.C., 1 mixed fruit and vegetables, vegetables, Alberta; 2 potatoes; California, 1 cantaloupe; 1 deciduous fruit; Washington, 2 mixed vegetables.

Berry Market Prospects. The strawberry market is all shot to pieces. Saskatchewan was first to break. The B.C. berry season had scarcely started when berries commenced to back up.

Manitoba imported considerable American berries at a lower price than was quoted by brokers handling B.C.'s all last week, but today Winnipeg and all prairie towns are full of B.C. berries. They are rolling in on an average of eight cars per day, and the price to the jobber is \$2.50. The jobbers are pushing the sale of strawberries to the limit, the cheap price is helping them. Returns to the growers will be very disappointing.

The rival brokerage houses are doing their utmost to prevent the price going to a lower point. We are convinced that if centralized control had been accomplished, the distribution would have been fully as great and the returns at least 50 cents per crate more to the growers.

Wet weather and soft berries was the prime cause of the early break in price.

The canners in Washington are buying unorganized growers' berries at 6 cents per lb., while the bulk of the surplus owned by the organization is being processed and held for sale when the market gets stronger. The crop is a heavy one. Spokane (Green Bluff growers) have 15 cars to sell this year.

It is expected that the peak of the deal will be reached in about a week's time. Imports have fallen off to zero. Prices have declined heavily under the increased supply. The top price this morning was \$1.50 per crate, with the bulk of sales running about 25c below that figure. The market was badly overloaded.

Local hothouse tomatoes are holding steadily at prices listed. It will be some time before the market has been imported during the past week, so the local product has a clear field as far as the Vancouver market is concerned. Quality and pack is good.

Wenatchee and Yakima are still the chief sources of supply for cherries. An initial shipment of Governor Woods from the Lower Mainland came in during the week but were of very poor quality. No price could be set on them.

The imported cherries are mostly Bing and Royal Ann and are of good quality. The trend of prices is downward as the season advances.

California stone fruits are taking a larger place along the "Row" as the prices become more within reach of the popular purse. The volume, which as yet is light, is indicated elsewhere.

Imports of Yakima Netted Gem potatoes continue. Wholesale quotations have dropped from \$4.00 per ton to \$3.70 and \$3.00. Three carlots of white potatoes were also imported from the Mt. Vernon district in Washington, but one of these came to grief as it failed to pass government inspection and was refused entry. Potatoes from this latter district are of very much the same quality as is produced on the Lower Mainland.

New potatoes continue on their downward course as receipts increase.

Edmonton. June 21.—The berry market here has been somewhat mixed up this week. This has undoubtedly been due to a large extent to the L.C.L. shipments which are coming on. Some of these shipments have been in very poor shape and have had to be jobbed, and the jobbing prices are then used as a lever to try and get down the price of the better berries.

Furthermore, most of the car shipments have not been strictly first-class. As a matter of fact, to date this year we do not think that the berries have averaged up to those of other years.

First car of California small fruit arrived this week and contents were in excellent shape. There are no outside grown tomatoes on the market this week and the trade has been supplied altogether with the hothouse stock. There are large quantities of local green onions, radishes, lettuce, spinach, etc., coming on at the present time. There is also a considerable quantity of local rhubarb offering.

Potato business has been very dull lately. Potatoes are approximate prices on various lines at the present time:

Hothouse tomatoes, per case \$ 7.50. Cucumbers, according to size, per doz., \$2.50 to... 3.50. Leaf Lettuce, per doz... 75.

Radishes, per doz... 40. Green onions, per doz... 08. New Cabbage, Calif., per lb... 08.

New Carrots, Calif., per lb... 06. New Beets, Calif., per lb... 06. New Onions, Calif., per lb... 08. Asparagus, Wash., per lb... 25.

Head Lettuce, per doz., \$1.50 to 2.00. Rhubarb, per case... 3.00. Gooseberries, 4 bskt., per case... 2.25.

Cherries, Wash. lugs, per case... 5.00. Apricots, per case... 3.75. Peaches, per case... 3.50. Plums, per case... 4.50.

New Apples, per case... 5.00. Old Turnips, per lb... .02. Old Potatoes, per lb... .01 1/2. Swift Current (June 20).—Fruit and vegetable market for this week rather brisk, especially in fruit.

Cars B.C. berries rolling freely, also L.C.L. shipments. Imported green vegetable trade has been falling off for the last ten days, with the exception of tomatoes.

Car arrivals, Swift Current, from June 11th to June 20th: One car of California vegetables; One car bananas; One car watermelons; L.C.L. shipments: 75 hothouse tomatoes from Vancouver.

Regina, June 20.—The wholesale market is inclined to be dull. American strawberries have been cleared up and B.C. very poor condition. Prices have dropped considerably and many crates have been jobbed at a price around \$1.25 per crate. Vancouver Island berries have arrived in very fair condition and are finding a steady demand at \$3.00. A car of B.C. hothouse tomatoes arrived in excellent condition and was sold very quickly.

B.C. rhubarb in very little demand. Plenty of local grown. Car arrivals June 14th to 20th: Strawberries, B.C., 4; Wash., 1; Oregon, 1. Tomatoes, B.C. hothouse, 1; Miss., 3. Deciduous Fruits, Cal., 2; Mixed vegetables, Wash., 1; Cal., 1.

Winnipeg, June 20.—Some very nice Maple Ridge strawberries are displayed in the store windows this morning for 15c a pint retail. Wholesale prices.

B.C. Strawberries, 24 pts. \$ 3.00. Imported Peaches, Triumph, \$2.25.

Plums, Climax, Tragedy, Formosa, imported, \$3.00 to... 3.50. Cherries, Lambert and Royal Ann, 14 lb. imported, \$4.00 to... 4.50.

Apples, Astrachan, imported... 4.50. Cantaloupes, flats, imp., \$2.75 to... 3.00. Tomatoes, Texas, 6 bskt. crates... 6.50. Tomatoes, Miss., 4 bskt. crates... 3.75 to... 4.00.

New Potatoes, cwt., imp., \$5 to... 5.50. Old Potatoes, cwt., imp., 80c to... .90. Car receipts from 13th to 20th: B.C. strawberries, green vegetable, 2 potatoes, 3 strawberries, 1 cherries, 1 cantaloupe. Local: three potatoes.

Retail prices:—Cherries, per lb., 30c to... .35. Apples, Astrachan, per two lbs... .25. Peaches and Plums, per doz... .35.

B.C. Strawberries, per pint... .25. New Potatoes, per 3 lbs... .25. Local Root Vegetables, per lb... .03 1/2. Vancouver.

The event of the week was the opening of the Community Hall on Tuesday evening. A large crowd was on hand for the event and after a short musical programme, dancing was the order of the day, or rather night. The building, the dimensions of which are 60 ft. by 30 ft., was well lighted and the floor gives prospect of being an excellent one for dances.

Mr. C. H. Bond acted as chairman and after a few preliminary remarks called upon Mayor Sutherland to address the gathering. After congratulating the district upon the erection of such a fine building during hard times, the Mayor went on to speak of present day conditions and the spread of co-operation, and concluded by expressing the hope that the people of Rutland, now that they were in possession of such a fine building, would co-operate and get together more than in the past and develop a real community spirit.

Mr. E. O. MacGinnis was next called upon to lead in Community singing, after which vocal solos were rendered by Messrs. W. Anderson and H. O'ferdahl, both of whom received encores. Shortly after ten o'clock the floor was cleared for dancing. Refreshments and ice cream were on sale during the evening, under the supervision of members of the W. I.

Announcement was made of a meeting of residents to be held in the hall on Thursday next, details of which will be found in the announcement column.

We regret omitting any previous mention of the Women's Institute meeting, held Thursday, June 14th. There was a good attendance at the meeting, the principal feature of which was a demonstration of the canning of vegetables and the preserving and crystallizing of fruit by Mrs. J. Reid, which was listened to with great interest by the members.

Mr. J. Britton spoke upon the subject of the Fall Fair and flower show.

Members of the W. I. are reminded that the annual school meeting will be held on July 14th, and are urged to attend.

Rutland's civil war between north and south continues in a desultory fashion. We understand that a preliminary skirmish on the question of the disposition of the player-piano occurred recently. A general engagement on this issue is in prospect about July 14th. It is to laugh!

Mr. L. Richards, who had been visiting here with his mother, Mrs. T. Davis, left on Tuesday to resume his duties with the Salvation Army at Rossland, B. C.

School "broke up" on Friday, and all but the High School and High School Entrance classes, who are writing their exams this week, are in for a nine weeks' holiday.

On Friday afternoon, the pupils of the Primary Division (Mr. Fisher), assisted by some of those of the Intermediate room (Miss Ford), gave a closing concert. The event was graced by a large number of parents, who were treated to a programme of choruses and songs that was better than ever. The children did credit to the training of their teacher, and fully proved the wisdom of including singing in the curriculum.

The pupils of Miss Ford's room contributed some interesting recitations to the programme, and the famous story of Tom Sawyer's whitewashing his aunt's fence was splendidly given by several little boys, the leading role being taken by Ernest Muford, whose impersonation of the crafty Tom was very well done. The characters of the other boys were:

(Continued on Page 7)

## RUTLAND

Mr. Wynne Price left on Saturday for Vancouver on business connected with the Provincial Party. While at the Coast, Mr. Price will be the guest of Maj.-Gen. A. D. McRae.

Miss Olive Stafford has accepted a position as stenographer to Mr. F. A. Lewis at the Central office of the Associated Growers, and left on Monday for Vernon.

Mr. and Mrs. J. R. Beale left on Thursday by auto for Wenatchee. Mr. Beale has been granted two weeks' vacation by the Trustee Board of the B.M.I.D.

Our wet spell seems to have definitely ended and we are now being treated to some bright sunshine, which we can appreciate so much better after so many weeks of dull and sodden skies. N.B.—We are touching wood while writing this!

Our School grounds are looking fine these days, due largely no doubt to the care and attention bestowed upon them by the janitor, Mr. E. Blenck. The grounds appear to special advantage, being placed between two wonderfully productive fields of mustard. We wonder who is really responsible for the two lots in question. Something drastic should be done to get the owners to clean up the properties, as the weeds thereon are an eyesore and a menace to owners of adjoining orchards.

We exercised the growers' privilege and attended the meeting of the Board of Directors of the Kelowna Growers Exchange on Saturday afternoon last. We were greatly interested in the proceedings, being especially pleased to be on hand for the funeral of the "box shock" question. A resolution was passed placing the responsibility for the loss upon the K. G. E., no names being mentioned. All directors agreed to drop the matter at that.

The cherry situation does not look encouraging, a matter of greater concern to residents of the East Kelowna district than to this locality perhaps. The fact that the Creston district has agreed to pull in with the big co-operative is, of course, known to all growers now.

The Provincial Party is again active in the Kelowna district. A series of meetings will be held during this week and next, with one at Rutland on Tuesday night, in the new Community Hall.

The Rutland baseball team met defeat again on Tuesday evening last, this time at the hands of the R. M. R. nine. The game was a good one, however, with a close and exciting finish. Quigley pitched a good game for Rutland and had he received good support would undoubtedly have won.

Roth, who pitched for the infantry, pitched well except in the seventh when he was hit hard and often. A. Dalgleish secured the only long hit of the game, a three bagger. The R. M. R. appeared to have the game tucked away at one period, the score being 10-3 in their favour, but in the seventh Rutland started a batting rally and collected seven tallies before they retired, thus tying the game. In the last half of the inning, however, the Kelowna boys succeeded in securing the necessary odd run and the game was won by Sergeant Sparks' "Awkward Squad." The score by innings was:

Rutland..... 0 0 3 0 0 7—10. R. M. R..... 0 0 3 1 3 1—11.

The event of the week was the opening of the Community Hall on Tuesday evening. A large crowd was on hand for the event and after a short musical programme, dancing was the order of the day, or rather night. PHONE 86. MANAGER'S RESIDENCE, 475

FRIDAY AND SATURDAY, JUNE 29 and 30. This is HAROLD LLOYD'S Best

"Safety Last"

In Seven Reels. Here is a knockout of comedy and thrills. He has gone and done it! It is another testimonial that one touch of Harold makes the whole world grin. It is a comedy of unusual merit. You will experience thrills and hearty laughs simultaneously in unlimited measure, for in this picture Lloyd could compel laughter from a sphinx and make a steplack sit up and marvel at his display of dare-deviltry. This is the one comedy you will want to see.

Aesop's Fables and Two Reel Western. Friday, One Show only, 8.15, 25c and 55c. Saturday Matinee, 3.30, 25c and 35c. Evening, Two Shows, 7.30 and 9, 25c & 55c.

MONDAY AND TUESDAY, JULY 2 and 3. PRISCILLA DEAN'S latest picture

"The Flame of Life"

is the most remarkable picture she has done to date. It is a vivid and vital picture which Universal offers in "The Flame of Life," an adaptation of Frances Hodgson Burnett's story "That Lass o' Lowrie's," vivid in its dramatic sweep, realism, and the picturesque shots of England's mining district of 1870. There is not a moment when it fails to grip one's attention and it gives Miss Dean one of the greatest roles of her career. If you liked any of Priscilla Dean's former pictures you will go wild over this. Educational's Spectacular Comedy: "THE STEEPLECHASER."

Evening, 7.30 and 9, 20c and 35c.

WEDNESDAY AND THURSDAY, JULY 4 and 5. William Fox presents Dumas' great novel

"Monte Cristo"

It is doubtful if William Fox has ever produced such a picture as this gigantic spectacle of so stupendous a tale. The story of Edmond Dantes, the Count of Monte Cristo, is a thrilling one, and picturesque to a degree. Emmett J. Flynn, the director, has accomplished a notable piece of artistic realism, while the cast he has selected is a very notable one. This is a special in every sense of the word. Comedy Attraction: "ONCE OVER."

Evening, One Show Only, 8.15 p.m.; 20c and 35c.

## Local Dealers Do Business In Open

(Copyright)

One of the stock excuses of the man who orders goods from a mail order house is that there are many things that he wants that the local merchant do not carry in stock, and that it is necessary for him to send away from town to get them.

This explanation may be all right on the theory that a poor excuse is better than none, but it fails to pass muster when it is subjected to a little scrutiny.

Ask the man who offers this as an excuse for his dealings with the mail order man why he does not go to the local merchant and ask him to order the articles desired if they are not to be found in the merchant's stock. The merchant will very gladly do this, and the merchant and customer will both profit. The merchant can sell you whatever you desire at as low a price as the mail order house can make you on goods the same quality and he can make a small profit.

The customer will profit from the transaction, because he will be dealing with a merchant who stands back of the goods that he sells, and who is easily accessible in case the articles purchased do not prove to be all that the customer had expected.

### Give Home Merchant Preference

Why not try this plan the next time you need something which you cannot find in any of your home stores? The merchant in the average sized town cannot carry in stock everything that all of the people in his town may want at all times. It would require a capital many times larger than the average merchant can command to do this, but he does the best he can. He ordinarily does carry in stock at all times many things in order that he may meet the needs of his customers to the greatest possible degree, but there is a limit to his purchasing ability. He is always ready and willing, however, to make every effort to meet the demands of the community. Why not, then, give him the preference over the far distant mail order man if you must have something which is not to be found in the local stores? He will do the business in a satisfactory manner, give you as quick if not quicker service and more satisfactory treatment, and the chances are that he will give you better values for the money. Finally, whatever profit is to be made off the transaction will stay at home and do its bit toward making the merchant and his town and, incidentally, yourself, more prosperous.

No business can be transacted as satisfactorily at long range as it can when the two parties to the transaction meet face to face. The only exception to this rule is in the case of the mail order man himself, who can transact his business with greater success to himself at long distance than he could if he had to meet his customers face to face. That is the reason that he does so. He has the information that will enable him to get what you want and to get it as quickly as you could get it from a mail order house. It is only fair to him to give him the chance to make such profit as any dealer would make off the transaction and it is only fair to yourself to keep that profit at home rather than to send it away to some far distant city from which it will never return.

### Does Business In Open

The man who sells goods over the counter, on the other hand, does business in the open. He cannot hide behind a corporate name or talk to a displaced customer from behind the locked doors of a private office. He knows that he must face the music in case he is a party to any transaction that won't stand the light of day. He knows that he must satisfy every customer with whom he may be dealing, or he will lose not only that customer but probably others who will soon know all the facts if he does not do the square thing by any one of his patrons.

There is no reason in the world for any person to send his money to a mail order house because he cannot find the article he wants in his local store. The local merchant is in business for the very purpose of getting you what you want. He has the information that will enable him to get what you want and to get it as quickly as you could get it from a mail order house. It is only fair to him to give him the chance to make such profit as any dealer would make off the transaction and it is only fair to yourself to keep that profit at home rather than to send it away to some far distant city from which it will never return.

## THE PRAIRIE FRUIT MARKET BULLETIN

(Continued from Page 6)

in volume. Price to grower delivered is now 3c per lb. Another week or so will see displacing the old stock in the household trade but the latter will be in demand for camps and restaurants for several weeks yet.

A substantial decrease in the price of green peas will be noted. The local product is now displacing the California peas with the above mentioned result.

The egg market is steady. Poultry seems to have gone as low as it will go. Butter remains steady at the new prices established last week by the 2c drop. Veal has weakened under lower quotations from the Northwest. Hogs are weak but no change in price has occurred.

Watermelons, crates ..... 34

### Food For Thought

At present prices it might interest the grower to know how the money received is apportioned. When he compares the 28½ cents he receives for number one berries (leaving out the shrinkage charges which may blow back on him) with what the box manufacturer, the Express Company and the jobber gets, he will find food for thought:

Per Crate ..... 27½  
Manufacturer of crates ..... 55  
Picker (with bonus) ..... 15  
Labor for supervising and packing ..... 15  
Transporting to pre-cooling plant ..... .05  
Pre-cooling, loading and bracing car, etc. .... .20  
The Broker ..... .05  
Overhead control organization inspection ..... .05  
Express Company (carlots), icoing, etc. .... .70  
Jobber ..... 28½  
Grower ..... \$3.00  
Total ..... \$3.00  
Price to retail trade ..... 3.00

## CRESTON WILL SELL THROUGH CO-OPERATIVE

Prices To Be Based On General Provincial Pool—The Importance Of Thinning

The subjoined statement, issued by the Associated Growers of B. C., Ltd., unfortunately was received too late for publication in last week's Courier.

With the public generally so interested in the unity of the co-operative movement as expressed through the Associated Growers of British Columbia, the hesitancy of the Creston Fruit Growers Union at Creston to become a part of this general co-operative plan has been in the minds of many of the fly in the ointment, and public sentiment has been strong that this trouble be overcome.

Convictions along this line have not been confined to British Columbia, but the two chains of broker and jobbing houses so generally represented in their affiliations with these brokers have likewise similarly seen the great good to the industry to be accomplished by having the smallest possible amount of tonnage outside to disturb market conditions on the Prairies. It was because of the brokers and jobbers themselves being just as determined as many of the Associated members to bring about this unification that a joint conference of the Creston, of the Associated and the brokers was arranged at Calgary, where the whole problem was re-opened in ab-

solute frankness with the result that the Creston Fruit Growers Union at that time decided to cast its lot with that of the Associated, Mr. R. B. Staples, at Creston, being in charge of the Sub-Central, which will handle the problem of marketing and distribution under the Associated's direction.

The Creston Fruit Growers Union, however, will be like all the rest of the members in that their prices will be based upon the general Provincial pool instead of having a pool to themselves, the only difference being that of receiving over the regular pool price the money that is saved by them on cars shipped to those points which enjoy a far lower freight rate than those shipped from common territory points like Vernon.

Prior to the final conference in Calgary, Messrs. Stewart, McDonald and McNair, accompanied by Mr. J. Conway, left on June 2nd, via the Kootenays, for a two weeks' visit to all Prairie points. At Nelson they conferred with representatives from the different Local Directorates on the Local Managers. At this conference Mr. Conway was appointed as Manager of a Sub-central for the Kootenay, pending final arrangements. He remained at Nelson, taking up his duties at once. The remainder of the party proceeded eastward, visiting Calgary, Edmonton, Saskatoon, Winnipeg, Regina and Moose Jaw, conferring with the trade at all of these points and discussing with them marketing, packing, grading, etc., in fact, all features that enter into and insure uniform pack and grade suitable to the domestic markets.

In this connection they visited the McDonald Crawford, McDonald Cooper and the Western Grocers, exchanging views and endeavouring to lay

before the management of these houses the sincere desire of the Associated Growers to make every concession possible to bring about the best possible marketing arrangements with their respective firms.

At Moose Jaw the Associated representatives were met by Mr. Simington, representing the Nash interests, and arrangements having been made for a conference with the representatives of both the Mutual and the Growers' Sales brokerage firms for Thursday, the 14th, the party moved on to Calgary, where they were joined by the Associated President, Mr. H. C. and General Manager, Mr. Pratt, and Mr. R. B. Staples, Manager of the Creston Co-operative Union.

This final conference on the Prairies proved to be a fitting consummation of a most successful trip. It was attended not only by the gentlemen above mentioned, but also by Mr. Carruthers and Mr. Morgan of the Mutual, and by Messrs. Burns, Savage and Stockton, of the Growers' Sales. In addition to these gentlemen, representatives of the management of many of the jobbing houses were present. All phases of the fruit and vegetable industry as affecting the Associated Growers were fully discussed, and the sincere desire to work with and for the growers was expressed by all present.

At Calgary, plans as to packing and pooling were carefully discussed with the brokers and jobbers so as to reach the most practical solution, and get the buyers' co-operation on the grades and packs of the Associated. The recommendations as generally laid down by Sales Manager McDonald with but few modifications were enthusiastically endorsed, these to a great extent being the recommendations of the packers.

meeting at "Vernon some time ago. This fact, together with the fact that the pool agreement will be so based on the matter of separating the smaller sizes into pools by themselves, will be especially interesting at this time, as bearing on the thinning problem.

When the rules and regulations defining pools and so forth are finally published, it will be seen that growers who now go to the expense of thinning will be properly rewarded for that expense, and those who fail to do so and have a great number of smaller sizes will find their big proportion of smaller apples at the necessarily lower pool price will prove a costly oversight. The pooling principle is that of pooling like value with like, and with the Associated having determined that the small sizes must take their own hazard on the market, there can be no question but that the principle is correct from a pooling basis as well as equitable to all members. Growers, however, should immediately know of this fact so they can guide themselves accordingly in their thinning plans.

As the Okanagan produces both tomatoes and potatoes, it will be of interest to everybody in it to know that a plant yielding both potatoes on its roots and tomatoes on its foliage has been produced in Louisiana. It is stated that it was originated through planting potato on soil where a tomato plant had grown the year previous.

Instructions have been received by local officials of the C.P.R. to have the work of repairing the Copper Mountain spur proceeded with at once. It is therefore expected that the contract will be let about the middle of July.

## 57 VARIETIES

And every one a winner--some record, isn't it? Nevertheless it's a fact.

HEINZ Products are all good. We are so sure they are good that if you get a can or bottle of HEINZ goods and you do not like it we will give you your money back.

For Picnics or for Camping you can't beat HEINZ goods. Baked Beans with Pork and Tomato Sauce; Baked Beans without Pork (vegetarian kind); Baked Red Kidney Beans, all of them guaranteed to satisfy your taste.

Heinz Sweet Mustard Pickles, Heinz Chow, Heinz Sweet Gherkins, Heinz Sour Mixed and Heinz Sweet Mixed, all equally palatable and appetizing. Heinz Spaghetti cooked with Cheese and spiced a la Italian. Heinz Catsup, Heinz India Relish, Heinz Tomato Soup and all other Heinz lines are guaranteed to please you or we give your money back.

## IN THE REALM OF FIELD SPORTS

### LACROSSE

Armstrong 4, Vernon 3  
Last Thursday afternoon, playing at Vernon, Armstrong lacrosse team continued their winning streak by beating Vernon on their home ground. The game was played in a rainstorm, which, however, did not spoil the play as the Vernon grounds are sandy and porous. It was the fastest game played in the league so far this season, full of snap and interest from start to finish.

In the third spasm there developed a scrap, Johnston of Vernon and one of the Phillips boys starting the trouble, which soon involved most of the players on each side before peace was restored and the two principals were sent to the fence for ten minutes each. McCullough, the Armstrong star home, distinguished himself by scoring all of the four goals, the last and winning one just bulging the net as the final whistle blew. Angus McMillan, of Kelowna, was there as referee.

League Standing	Won	Lost	Tied
Armstrong	2	0	1
Kelowna	1	2	1
Vernon	1	2	1

On July 2nd, Vernon journey to Armstrong, then the next game is at Kelowna on July 12th, when Armstrong are due here.

The Intermediate team are booked for a game in Kamloops on Monday, July 2nd. A majority of those who turn out for practice are going and most of them will have a chance of playing during some part of the game. The probable line-up will be: J. Parkinson, goal; B. Saunders, point; C. McMillan, cover point; J. Aitken, 1st def.; B. Day, 2nd def.; D. Parkinson, 3rd def.; Gordon, center; R. Latta, 3rd home; E. Wilson, 2nd home; V. Fowler, 1st home; B. Raymer, outside home; E. Raymer, inside home. Spares are: Neil, Rowcliffe, Maybee, Davis, and in case of accident Cummings and Williams will also be available. The boys will be pitted against Kamloops senior team and we wish them the best of luck.

The following business men and others are furnishing autos for the trip: Messrs. Frank Buckland, J. B. Spurrier, manager of the team, Geo. Day, Kelowna Garage, Fred Morden and Hugh McKenzie.

### BASEBALL

#### R. M. R. 11, Rutland 10

The above teams played on the Athletic grounds Tuesday evening. These evening games on the local diamond are not receiving much support or encouragement; probably the hour at which the games are called is the chief reason, but it does seem too bad that more substantial support is not forthcoming, as the boys deserve it and the play frequently is of a very high order.

The game between the R. M. R. and Rutland teams went seven innings and was of an interesting nature throughout. Up to the end of the sixth it looked like an easy win for the troops, but at the opening of the seventh A. Dalgleish, the first man up, started the trouble for Rutland by landing for a drive to centre field for three bases. Rutland batters connected up pretty freely and to make matters worse practically every one of the R. M. R. fielders was responsible for the errors that helped along the Rutland scoring rally, with the result that the score, which stood 10 to 3 in favour of the R. M. R. at the end of the sixth, in Rutland were retired.

Throughout, Quigley received rather poor support in the field, while Roth got good support in all but the last inning. Rutland furnished the outstanding features of the evening, young A. Dalgleish's three-base hit, the only three-bagger of the game, and Stan, which he fell and rolled over but landed right end up with the ball in his hand.

The teams lined up as follows:  
R. M. R.:—Rowcliffe, 2b.; Cook, s.s.; Dick Parkinson, c.f.; Gayton, 1b.; Faulkner, 1b.; J. Parkinson, c.; Bourke, 3b.; Brown, r.f.; Roth, p.  
Rutland:—Ward, s.s.; Burke, 3b.; Heslop, 1b.; Fleming, 2b.; A. Dalgleish, c.; Quigley, p.; Stanton, 1b.; Bert Dalgleish, r.f.; Gray, c.f.

Mr. Buse officiated as referee.  
The score by innings:  
Rutland ..... 0 0 0 3 0 0 7-10  
R. M. R. .... 0 0 3 3 1 3 1-11

Glenmore 6, Winfield 0  
Playing at Glenmore Tuesday evening, the home team used the whitewash brush on the visiting team. LeQueene for Glenmore, was in fine form and was ably supported by his team mates, none of the Winfield players being allowed to go to third base in the first five innings. The feature of the game was Seath's home run with one on in the fifth.

C. Sadler, who pitched the first two innings for Winfield, was touched up for 3 runs. Robie pitched the balance of the game. There was plenty excitement all through the game, with the Glenmore batters hitting when his meant runs.

The line-up was:  
GLENMORE:—T. Free, c.; Alexander, s.s.; A. Free, 2b.; Watt, 3b.; Whitham, r.f.; Vint, c.f.; Seath, 1b.; LeQueene, p.; Kerr, 1b.

WINFIELD:—McLeod, s.s.; Simpson, c.f. and 3b.; Chappell, 2b.; Patterson, c.; Sadler, p. and c.f.; Arnold, 1b.; Ellison, 1b.; Seaton, r.f.; Robie, 3b. and p.

Mr. James umpired.  
Score by innings:  
Glenmore ..... 2 1 0 0 2 1 x-6  
Winfield ..... 0 0 0 0 0 0 0-0

The Elks and R. M. R. are playing this afternoon, and the games for next Tuesday evening are: Glenmore at Rutland, Elks vs. R. M. R. at the Athletic Park.

## RUTLAND

(Continued from page 6)

taken by Maurice Jensen, Robert White, Kiyo Yamaoka and Jack Mitchell.

The School Trustees have been successful in retaining Mrs. Fisher as the Primary teacher for another year to the delight of the children and before she left on her well-earned holiday she was presented with a bouquet of flowers on behalf of the children as a small token of the esteem in which she is held by the little ones.

The visit of the Kelowna Brownies on Saturday afternoon was marred by two things—rain and poor attendance. The School laws, on which the programme was to have been given, would have been an ideal setting for it, and preparations had been made to that end. But the vagaries of the weather upset everything, and after a fine morning the clouds came up, and it was to start a drizzle and it was decided, under the circumstances, to go through as much of the programme as possible in the Primary Room, and despite the limitations of space and lack of scenery, the Kelowna Brownies made a good showing.

The fairy dances, songs and the Mad Tea Party scene were enjoyed, the latter especially, while the old song, "The House That Jack Built," seemed to be a favourite with many. Just as the programme finished the rain cleared off and the Brownies gathered on the south lawn and sang the Brownie song. Refreshments were served to the forty hungry performers, who whiled away the time on the lawn while the truck took them back to Kelowna, having had a good time, despite the upsetting of their plans. The thanks of the Rutland Brownies were given to Mrs. Carruthers and her assistants for coming out to give the performance, by Miss Gay, the local Brown Owl.

## PROTECTION OF ROSE FOLIAGE FROM INSECTS AND DISEASE

(Experimental Farms Note)

Many persons do not grow roses because they think roses are difficult to grow successfully; and, while these flowers require more care than some others, if the necessary work to ensure success is done at the proper time, the labour is fairly light. One of the greatest factors in success is to have clean healthy foliage uninjured by insects or disease. To ensure such conditions it is necessary to begin the protection of the foliage before it is injured to any appreciable extent; hence measures should be taken early. The easiest insect to control is the rose slug, a green caterpillar, which does not usually appear in great numbers but which works on the undersides of the leaves and eats out pieces. These slugs may be pinched off by hand where bushes are few, but Paris green or hellebore, sprayed on the bush so that it will reach the undersides of the leaves especially, will kill them. If Paris green is used it should be weak so as not to burn the foliage, about in the proportion of one ounce to twelve gallons of water. Hellebore is used in the proportion of one ounce to two gallons of water.

The aphid or green fly is sometimes quite troublesome, as are the thrips, small hopping insects, which cause the leaves to curl. Nicotine, in the proportion of one teaspoonful to one gallon of water; black leaf 40 or nicotine sulphate, in the proportion of one ounce to three gallons; or even soapsuds from a good oily laundry soap, are all good. The insects must be struck by the spray as they are killed by contact with it, not by eating the leaf; they suck and do not chew their food.

Where the Powdery Mildew is troublesome, it may be controlled by sprinkling the bushes every ten days with flower of sulphur until the disease disappears. The Leaf Blotch or Black Spot is another disease which sometimes disfigures the leaves very much and weakens the plant. Ammoniacal copper carbonate and Bordeaux mixture will control this, but if the latter is used it should be used several weeks before the blooming season, so that the foliage will not be disfigured by the spraying material when the roses are in bloom. Ammoniacal copper carbonate is made with one ounce copper carbonate, four-fifths of a pint of ammonia and eight gallons of water, the copper carbonate being dissolved in the ammonia. This does not disfigure the foliage. Plants should be sprayed about once a week after the disease is first noticed, and where it has been troublesome in the past begin at once.

Team	Won	Lost	Pct.
Glenmore	5	1	.833
Elks	4	1	.800
Winfield	4	4	.500
R. M. R.	2	4	.333
Rutland	0	5	.000

Kelowna will be represented at the Penticton Sports next Monday by a ball team under the management of Norman DeHart. The probable line-up will be: Patterson, c.; LeQueene, DeHart, p.; McClymont, 1b.; Buse, 2b.; Reed, 3b.; Dr. MacEwen, s.s.; Watt, r.f.; Robie, c.f.; J. Parkinson, 1b., with Cook and Gayton as spares.

### FOOTBALL

Robertson Cup Tie Draw  
A meeting of those in charge of the Robertson Cup draw was held in Kamloops about two weeks ago, and as a result Kelowna was drawn against Vernon, Kamloops against Merritt, while Revelstoke got a bye, for the first round, which consists of home-and-home games and they must be finished on or before the 2nd July. Immediately on receipt of word from Kamloops, Mr. Chester Owen, Secretary of the local club, got into touch with Vernon by phone and confirmed his conversation by a letter. So far, Vernon has not complied with the requirements, and it looks very much as if Kelowna will go into the second round by Vernon's default.

## LAND REGISTRY ACT (Section 160)

IN THE MATTER OF Lot 47, Map 1037, City of Kelowna.  
PROOF having been filed in my Office of the loss of Certificate of Title No. 27410A to the above mentioned lands in the names of Mary L. Rolan and Caroline Young, and bearing date the 30th of August, 1913, I HEREBY GIVE NOTICE of my intention at the expiration of one calendar month from the first publication hereof to issue to the said Mary L. Rolan and Caroline Young a provisional certificate of title in lieu of such lost certificate. Any person having any information with reference to such lost certificate of title is requested to communicate with the undersigned.

DATED at the Land Registry Office, Kamloops, B.C., this 15th day of June, 1923.

E. S. STOKES, Registrar.

Date of first publication June 21, 1923. 44-5c
